

28th Anniversary Luncheon Of Woman's Club Is Held At Hotel Gettysburg; Professor Speaks

"America is a name to conjure with in our minds and hearts. America is more than grand plains and lofty mountains. It is a way of life," declared Prof. Francis E. Reinberger, professor of practical theology and director of field work at the Gettysburg Lutheran Theological Seminary, at the 28th anniversary luncheon of the Woman's Club of Gettysburg in the Hotel Gettysburg Wednesday afternoon.

Professor Reinberger, in addressing the large assembly of clubwomen, outlined "The American Heritage." He said that "America is a way of confident faith rather than of carping criticism. The beauty of our two-party system is good, for a minor party will always serve to hold the party in power in check."

The speaker said that "we must be careful how we use the word 'faith' as it has become a cliché of political speakers." He warned that "we should beware of spiritual vacuums," citing the Communists as an example. "After they conquer a country and drive the governmental heads from their offices, the Red leaders fill the vacancies thus created with their own men," he said.

"Way Of Security"
"America is a way of sacrifice and not a way of security," he continued. The people of Gettysburg know about sacrifice as it is all about them in this historic shrine filled with memories of the Battle." Professor Reinberger related the story of earlier days when the pioneers wended their way westward in covered wagons. "They were ordinary people but they were able to endure great trials. They suffered death and starvation and attack by animals and savages, yet they kept on toward their goal. This is how America was made, by the sacrifice of the early settlers," he said.

"We have a vast storehouse of memories with which we will make a government strong for 1 and for man," he declared. "Way Of Friendship"
The speaker warned about making "tin gods out of material security," education, home, pleasure, and money. Today people desperately seek amusement and "inject it into their veins to seek escape from frustration and disillusionment," he explained.

"America is a way of friendship rather than one of suspicion," declared the speaker. An example offered of friendliness in America was the establishment of the International Houses for foreign students in New York City.

"America is a way of freedom and not one of irresponsibility. Freedom is not license to do what we please. It is the liberation of man's soul to accept responsibility and to fulfill one's obligations and duties. We are free but free only to help our neighbor and God."

"Thank God For America"
"America is a wonderful way of life," the speaker concluded. "Let us thank God for it and let us learn by way of sacrifice, confidence, faith, and ability to give ourselves a spirit of responsibility to help those who are in need. Long may America's flag fly, long may its light shine, long may the cry of freedom ring round the world that all may learn the way that is America's way."

Mrs. Charles W. Orem, president, who presided at the luncheon-meeting, introduced the speaker. The invocation was given by Mrs. Mark K. Eckert, past president and club parliamentarian. Mrs. Orem welcomed members and guests and introduced those at the speakers table. Mrs. Frederic E. Griest, immediate past president, introduced the following past

Salesman's Stolen Car Found Quickly

The furniture salesman from West Virginia was most excited when he came to local police headquarters Wednesday evening.

"My car was parked on Chambersburg St. and it's stolen. I walked the whole length of the street twice and the car's gone," he told borough police.

Policeman Raymond Menges suggested the salesman and he take a little ride.

They found the car parked right where the salesman said he had placed it on Chambersburg St.

The salesman shamefacedly admitted the street he had walked twice and thought was Chambersburg St. was actually Carlisle St.

He had gotten mixed in his directions.

3 INSURANCE FIRMS OPEN NEW OFFICES

The formal opening and dedication of the Farm Bureau Insurance Companies' new district service office took place today. The office is located at 216 Chambersburg St. on the first floor of the building which for many years was the residence of Mrs. Minnie E. Bream, recently purchased and renovated by Mark A. Eckert and Kenneth P. Hull.

The new office is under the management of J. B. Collins, local district sales manager for the companies. Mr. Collins has been associated with the companies since 1930.

The office will serve as an administrative center for both Adams and Franklin Counties for the three insurance companies, the Farm Bureau Mutual Automobile Insurance Company, the Farm Bureau Mutual Fire Insurance Company and Farm Bureau Life Insurance Company with home offices in Columbus, Ohio.

Regional Manager Speaks

Earl E. Andrus, 217 Highland Ave., who started with the companies in 1950 as a claims man, in district office claims manager. Robert Musselman, of Fairfield, will serve as field claims man. Musselman has been associated with the claims department since 1951. Miss Kathryn Bucher is secretary-receptionist. Miss Bucher was previously employed at Gettysburg College in the office of the dean.

Local representatives of the companies include Sterling Musselman, 32 E. Broadway; Patrick McDermitt, 152 Hanover St.; S. Ray Shetter, Biglerville; David Hykes, New Oxford; "Ben" Huffnagle, Brushstown, and Clarence King, Littlestown.

Sterling Musselman served as chairman of today's meeting. The program consisted of the invocation by S. Ray Shetter, dedicatory address by Robert L. Arnold, regional manager of the Harrisburg office; greetings from the Adams County Farm Bureau by its president, Clarence J. Waybright, and General Manager G. Marion Stambaugh. M. E. Ackerman, regional sales manager of the companies, spoke on the subject "A Step Ahead." Andrus and Mervin Alcorn of York, also connected with the claims department, spoke on "Our New Claims Procedure."

The local representatives took part in the dedication exercises with the presentation of completed life insurance applications.

Bury Veteran In New Oxford Today

A requiem mass was celebrated this morning at 9 o'clock at St. Mary's Church New Oxford, for Harry E. Melhorn, New Oxford World War I veteran who died Monday evening at the Hanover Hospital. Dig Into Twisted Ruins For Clues To Disastrous Crash

ALBANY, N. Y. (AP)—Federal investigators probed the twisted ruins of an American Airlines Convair today to find out what caused it to clip two radio towers and slam to earth, killing all 28 persons aboard.

The twin-engined craft burst into a holocaust of flames yesterday as it crashed within a few feet of a trailer park, scorching the bodies of the 25 passengers and three crew members.

Some witnesses reported the plane seemed to encounter engine trouble as it circled Albany Airport after its landing had been delayed by a heavy ground fog.

American Airlines said its meteorologist found, just before the crash, that the fog had begun to clear and that the ceiling over the

NEWSMAN TO TALK HERE ON RUSSIAN TRIP

Plans for a talk here by John Biddle, of the Huntington Daily News, one of the ten American newsmen who was allowed to enter Russia last year and who is visiting Russia again, were outlined Thursday evening at the meeting of the local chapter of the American Association of University Women held at the YWCA.

Mrs. Robert Fortenbaugh, president of the chapter, said Mr. Biddle will speak at a public session of the AAUW to be held at the Court House. The meeting will be part of the United Nations Week celebration.

Three members of the local AAUW will have prominent parts in the AAUW Neighborhood conference to be held September 26 at Lebanon Valley College, it was announced. Mrs. William C. Darragh will be in charge of a panel discussion at the conference and Mrs. J. Walter Coleman and Mrs. Kenneth Smoke will be members of panels at the session. The president of the local chapter, Mrs. Fortenbaugh, will also participate in the neighborhood conference.

Colored slides taken during their tour of Europe this summer were shown by two Littlestown High School teachers, Dorothy P. Crabb, Littlestown R. 2, and Leora Held, Gettysburg R. 1. The two were among the local group who toured Europe on a special trip arranged by Dr. Albert Bachman. They showed scenes in Ireland, England, Holland, Germany, and Italy.

Mrs. A. W. Butterfield urged members to support the Parent Teachers Associations locally and spoke of the plans of the Gettysburg PTA for the coming year.

Short meetings were held of the following study groups: Education and Status of Women, Mrs. J. K. Hereter and Mrs. J. L. Wisler, chairmen; International relations, Mrs. Francis C. Mason and Miss Clara A. Myers, chairmen; legislation, Mrs. P. J. McGinnis and Miss Maratha Stallsmith, chairmen; Literature, Mrs. R. C. Eberhart and Mrs. Marcus Ritter, chairmen.

PTA RUMMAGE SALE OCT. 9-10

Plans were made for a rummage sale October 9 and 10 and arrangements were advanced for the first fall meeting of the Gettysburg Parent Teacher Association next Thursday evening at the meeting of the PTA executive board Wednesday evening at the home of Mr. and Mrs. William C. Darragh, Gettysburg R. 1. Mr. Darragh is a vice president of the PTA.

Mrs. Charles A. Smith, president of the association, presided at the meeting.

The Ways and Means Committee, headed by Carroll Smith and Mrs. Frank Skidmore, will be in charge of the rummage sale which will be held at the National Garage on Friday, October 9, from 9 a.m. to 5 p.m. and on Saturday, October 10, from 7:30 a.m. to 1 p.m.

The Hospitality Committee headed by Mrs. William G. Weaver will serve light refreshments after next week's meeting and Mrs. Weaver has asked all the members of her committee to be on hand to assist. Jack Corbin will be in charge of recreation for children who accompany their parents to the PTA meeting. Movies will be shown to the kiddies.

The program for the PTA session Thursday will be announced early next week by Mrs. A. W. Butterfield, program chairman.

SPECIAL ROTC STUDIES HERE

Gettysburg College's ground Reserve Officers Training Corps has been selected as one of nine ROTC units in the 2nd Army Area to offer a branch general curriculum, according to a recent announcement by Major William M. Lipsey, professor of military science and tactics at the college.

Previously, Gettysburg's ROTC program was set up to train officers for the infantry. Under the new program, which coincides with the generalized program already offered by the Air Force ROTC unit, junior officers will be produced, who, by their education, training and inherent qualities are suitable for continued development as officers in the U. S. Army in any one of the many branches of the Army. The branches of service (infantry, chemical, quartermaster, medical, etc.) will be determined by the student's interest, abilities, academic studies, and needs of the service.

Special Education Consultant To Talk

Miss Ethel Wenger, a special education consultant from the state Department of Public Instruction, will be the speaker for the September meeting of the Adams County Association for Mentally Retarded Children next Tuesday evening at 8 o'clock in the meeting room in the courthouse basement.

Parents and other interested persons are invited to attend the meeting and hear Miss Wenger's talk on the training facilities for mentally handicapped children of school age.

GIRL SCOUTS' COURSE TO OPEN HERE ON MONDAY

The Adams County Girl Scout Council today was hoping that a large number of scout leaders, committee and board members and others interested in scouting will turn out for the 16-hour leadership training course scheduled to start Monday evening.

The first session will be held at the Girl Scout office in the basement of the First National Bank building at 8 o'clock Monday evening and will continue for as many Monday nights as are needed to complete the 16-hour session.

Mrs. Hilda D. Arter, Littlestown, volunteer training chairman for the council, will be in charge of the course. Mrs. Arter, a second grade teacher in the Littlestown schools and leader of Senior Girl Scout Troop 15 and Intermediate Troop 34 of Littlestown, last year completed training at the Edith Macy school, at Pleasantville, N. Y., an established National Girl Scout school, which qualified her as a training leader.

Variety Of Topics

Mrs. Arter has also been day camp director for the scouts for the past three years and is chairman of the council camping committee.

Last April she was presented with a "thanks" badge by the county council for her work for scouting during the past eight years. She was the first person in the county to receive the honor.

Topics for the 16 hour course include: "History of Scouting," "Troop Committee Information," "Let's Go Hiking," "Camping Is Fun," and "Teaching Songs." Visual aids will be used to interpret the Girl Scout program, especially the role of adults in helping the scouts plan and carry out a program of constructive work, during the 16 hour course.

The county council has announced the training course is open not only to those already in positions of leadership in the council but to all others who are interested in learning more of the Girl Scout work.

BANKERS TOLD "DO GOOD JOB, INFORM PUBLIC"

The component parts of good public relations are "doing a good job as a banker and letting the public know about it," Robert D. Womer, trust officer of the Lebanon County Trust Co., of Lebanon, told the Adams County Bankers Association Thursday evening.

Womer was speaker at a session of the bankers association held at Graeffenburg Inn, President Chester S. Byers, Littlestown, presided with 36 present.

"Basically, good public relations are established by the atmosphere we create in our banks—by finding out what people like about us, so we can do more of that and finding out what they don't like, so we can do less," Womer said.

Service With A Smile

A bank should offer all bank services needed by the community in which the bank is located, the speaker said. He urged attendance by bankers at sessions of the American Institute of Banking "to keep up to date. To know what is needed and how to go about filling those needs. Through the AIB bankers can meet specialists who have successfully carried out particular programs and can learn from them how to do the same thing in their own community."

Besides providing needed services bankers should "present these services in the best possible way. Here it is a matter of friendly service. One can refuse a loan and do it in such a way that the prospective borrower will remain a friend of the bank for life. Another can lend a man money and at the same time make him and all his family enemies of the bank for generations. It is a matter of personality and presentation. Whether a bank has good public relations depends to a large extent on whether the bankers are friendly people and give service with a smile."

Need Trained Employees

"The trend in banking is away from imposing facades to better services, from left handed check-

COURT HOUSE CLOCK TO BE ELECTRIFIED

The "town clock" atop the Court House tower is to be electrified the Adams County commissioners announced today.

The work will be performed by the Tower Clock Service Co. of Springfield, O., for "less than \$500," the commissioners said, and they guarantee that when the new electric works are put in the clock it will once again regain the confidence of the people it has served for almost a century.

For years the clock kept perfect time, with its one-ton weights traveling up and down the tower in order to turn the hands.

Stops Regularly Now

But in the last several years the wear and tear of all that time-keeping has had its effect. Once, Clarence C. Smith, commissioners clerk said, people would call him immediately when they noticed that the clock had stopped or was slow, or otherwise out of condition. Of late, however, he notes, nobody bothers to tell him when the clock stops, because it has stopped too often.

As a matter of fact, he adds, it stops regularly now, at 10:55. All kinds of attempts have been made to get the venerable workings beyond that point, but all have been to no avail. The clock works perfectly until it reaches 10:55, then it quits.

The clock began going rapidly downhill after its caretaker retired.

200 INVITATIONS TO HALLOWEEN PARADE ISSUED

Two hundred invitations to the Halloween parade to be held here in October were sent out this week by the committee from the Gettysburg Association of Clubs in charge of the event. The invitations were sent to various organizations throughout this section in an effort to make the forthcoming October 28 event the largest Halloween parade in the town's history.

Prizes will be awarded for the largest fraternal, social or civic group in line of march, for the largest women's group and largest juvenile group and for the largest industrial group.

First and second awards will also be given to the best appearing Halloween group. A special industrial class for floats and a special college fraternity float class will be held in the effort to get as many individuals, organizations and floats in the line of march as possible.

Mount Saint Mary's, St. Joseph and Gettysburg College students as individuals and groups have been invited to participate.

Burgess William G. Weaver and Chief of Police Jack Bartlett will be honorary marshals for the parade. Marshals will be Major William Lipsey and members of his ROTC staff.

A feature of the parade will be massed colors from all of the county and the Emmitsburg veterans' organizations.

In addition to the awards for groups, the parade will also feature prizes for the largest and smallest marcher, the youngest and oldest, the most original, most beautiful, most comic, best impersonation, largest family, etc. Judges will be from out of the county, the committee said.

The parade will form on East and West Water Sts., march east to Fourth St., from Fourth to York, west on York to Lincoln Square, then on Chambersburg to Franklin and south on Franklin St. to the Recreation Park where awards will be made.

Baby Beef Club Lays Year's Plans

Plans for the coming year were outlined at a meeting of the Adams County 4-H Baby Beef Club Thursday evening at the home of Ray Shank, Hanover R. 3.

President James Behney, York Springs, said the Club hopes to secure 35 members before its November 18 meeting. So far there are 24 members in the organization. Young men and women between the ages of 10 and 20 may join by contacting Assistant County Agent Fred H. Attinger at the county Agricultural Extension Association office in the Court House prior to November 18.

Members will select their own steers to be raised during the coming year, with the only restriction being that the animals must be between 300 and 500 pounds in weight.

Health Board Seeks To Clean Cannery Refuse

The Gettysburg Board of Health, holding its first meeting since last spring at the Fire Engine House Wednesday night, praised the borough for its mosquito control program this summer, and then plunged into a problem caused by two acres of tomato pulp and tons of pea vines in the northeastern part of the town.

Today Borough Health Officer Donald Staub and Health Board Attorney John MacPhail met with officials of the Burgoon and Yingling canning company, on whose property the pulp and pea vines are dumped, in an attempt to alleviate the problem.

J. L. Burgoon, head of the plant, said the company has already started a chemical treatment of the pea vines. The stack of vines has been sold, he told the health officials, but is not scheduled for removal until November.

Want Refuse Covered

Health board officials suggested that the tomato pulp and overripe tomatoes dumped on the lower end of the cannery land near Rock Creek be buried — that a large trench be dug before each season and the tomato pulp dumped there and covered as the season progresses.

Officials of the company said today, however, that the problem is "too large for such a simple solution." Usually by the end of the season, they said, three to four acres are covered from a depth of from six inches up to several feet by the non-usable waste. Crows, arriving about November, "clean up" the decaying tomatoes in quick order, they said, and the fields are bare through the winter and summer until the next tomato canning season.

Mr. Burgoon told Health Officer Staub that state health officials had been called in by the company some years ago to determine whether the pea vine piles or the tomatoes were a menace to public health and the company was told that the refuse could not cause danger to health.

Since the worst problem is the odor from the pea vines, the chemical treatment was started recently.

Breeds Flies

Members of the board who visited the area at the canning plant before the meeting Wednesday described the tomato pulp stack as a place for the breeding of flies. Use of quicklime was discussed as a possible method of quickly drying

FIRECRACKER AT BURGESS' FEET BRINGS \$10 FINE

A firecracker tossed at the feet of Fairfield Burgess Robert Kleppinger cost a Cavetown, Md., youth \$13.50 Wednesday evening.

As state police reported, three Cavetown youths went for a drive Wednesday evening. As they were driving along, entering Fairfield, one of the young men, Robert Michael Bushey, 19, reached into the glove compartment of the convertible. He found a firecracker left over from the Fourth of July.

Bushey lit the 'cracker and tossed it out of the car, according to police.

The firecracker came down amidst a group of men at Joseph Harbaugh's garage and Burgess Kleppinger sustained a knee injury. The Fairfield group immediately called state police and the officers halted the Cavetown car at New Oxford.

When questioning determined that the firecracker incident had happened innocently—that is, there was no intent to throw the 'cracker among people—the mildest possible charge was placed. Bushey paid a fine of \$10 and costs before Fairfield Justice of the Peace Roger Myers on a charge of disorderly conduct.

presidents: Mrs. Mark K. Eckert, Mrs. Roy E. Zinn, Mrs. Lloyd C. Keefe, Mrs. Anna Plank, Mrs. A. R. Wentz, Mrs. Henry M. Scharf, and Mrs. Edmund W. Thomas. Mrs. Orem acknowledged "with gratitude" what the past presidents had achieved in the past.

Introduce Guests

A number of guests were introduced and the president expressed her thanks to the hospitality committee for arranging the luncheon. Mrs. Eugene R. Hartman, secretary, read the minutes of the last meeting which took place in May and Mrs. Mark A. Eckert, treasurer, read the treasurer's report. Mrs. Philip F. Noble, second vice president, read the correspondence of Mrs. Guile W. Lefever, corresponding secretary. The letters were from Judge W. C. Sheely thanking the organization for contributions to the Juvenile Court Club.

Mrs. Mark K. Eckert, parliamentarian, declared that "we feel that our club is vital and is making progress." She was appointed by the president to head the rules and revision committee to study by-laws and constitutions. She will be assisted by Mrs. E. W. Thomas and another member to be named later. Mrs. Orem will assist the committee in an advisory capacity.

The women were reminded of the South Central District meeting in York September 29 and of the bridge party to be held at the Gettysburg Moose Home October 16 at 2 p.m.

Art Instructor To Speak

Prof. Warren Robinson, instructor in art at Gettysburg College, will be the lecturer at the next meeting to be held at the YWCA October 14 at 2 p.m. The art professor will supplement his talk with a water color demonstration.

The chairman of Wednesday's program was Mrs. E. L. Deardorff, who heads the American Home Department. Mrs. R. D. Wickerham, chairman of the membership and hospitality committee, headed the hostess committee which included Mrs. C. Ross Shuman, Mrs. Herbert J. Raymond, Mrs. Stanley Hull, Mrs. Charles W. Pitzer, Mrs. Robert E. Berkeheimer and Mrs. A. A. Hughes.

Floral decorations were yellow mums, chrysanthemums and gladioli in gold foil baskets decorated with ferns. The large basket on the speakers' and past presidents' tables were presented to Mrs. F. Snyder, former past president, who is ill, and to Mrs. H. W. Heikinen who was unable to be present.

Speakers will be present from leading chiropractic schools. Governor John S. Pine will be the speaker at the banquet Saturday night.

Mrs. Julia Augustine has returned home at 113 W.

Broadway after a seven-week tour of the European continent. She arrived in New York last week and reached Gettysburg Wednesday evening. Mrs. Augustine, who is house mother at the Lambda Chi Alpha Fraternity House, was a member of Dr. Albert Bachman's tour.

Dr. and Mrs. Albert Bachman and son, Edwin, N. Stratton St., have arrived home from a tour of Europe. They were accompanied by a number of countians including Mrs. Winifred Campbell, head resident of Huber Hall, and Mrs. Julia Augustine, house mother at Lambda Chi Alpha Fraternity residence, W. Broadway. Their ship, the Georgic, reached New York City last weekend and most of the group arrived in Gettysburg this week.

Dr. Bachman began his first tour early in the summer during which his party traveled through a number of European countries highlighted by attendance at the coronation review of Queen Elizabeth in London. Mrs. Bachman and Edwin joined Dr. Bachman on his second tour which began July 22 and covered England, Ireland, France, Switzerland, Italy, Germany, Austria, Holland and Belgium. The tour was highlighted by an audience with the Pope at his summer residence, Castel Gandolfo, at which His Holiness mentioned Gettysburg in his talk to the tourists.

Edwin Bachman, son of Dr. and Mrs. Albert Bachman, N. Stratton St., who was graduated from Gettysburg High School in June, has entered the Freshman class at Gettysburg College.

The Bridgettes will meet Friday evening at the home of Mrs. Barbara Campanero, 218 York St.

Weddings

Steinour—McDannell
Miss Dorothy Marie McDannell, daughter of Mr. and Mrs. Charles A. McDannell, R. 5, became the bride of Edward Eugene Steinour, son of the late Mr. and Mrs. Charles Edward Steinour, R. 1, Saturday afternoon at 2:30 o'clock at St. James Lutheran Church, Taneytown, Md. The ceremony was performed by the pastor.

The bride, who attended Gettysburg High School, is employed at the Windsor Shoe Company, Littlestown. Her husband is employed by the Adams County Novelty Company, Gettysburg. The couple is residing at the groom's home, R. 1.

Sebright—Reynolds
Miss Shirley Louise Reynolds, daughter of Mr. and Mrs. Edward Reynolds, East Berlin, was married to Rodney Wayne Sebright, son of Mr. and Mrs. Raymond Sebright, East Berlin, in a double ceremony performed recently in St. John's Lutheran Church, Hagerstown, by the Rev. L. B. Hamm, pastor. Mrs. Sebright, a 1951 graduate of East Berlin High School, is employed by the Bell Telephone Co., Harrisburg. Her husband, who was graduated from the same school in 1950, is engaged in farming with his father.

JILTED YOUTH KILLS GIRL AND THEN SUICIDES

DECATUR, Ill. (AP)—A 15 year old girl who spurned her boy friend's pleas to quit school and marry him was shot and killed last night as she slept in bed with her mother.

The rejected suitor then fatally shot himself.

The shooting occurred in the farm home of Mrs. Mary King, who was awakened after her daughter Janet had been killed.

Lying unconscious on the front room floor of the King home was James Jacob Bolt, 18, an auto supply store clerk. He died about three hours later in a Decatur hospital.

Couple Quarreled

Deputy Sheriff Sam Pulliam of Macon County said Mrs. King, a widow, told him Bolt had visited her daughter last night and they had quarreled over his insistence that Janet quit school and marry him.

Pulliam quoted Mrs. King as saying Bolt was "getting jealous because Janet had boy friends at school." Bolt walked into the house, Pulliam said, and without awakening mother and daughter, fired one bullet into the girl's right temple.

Coroner Harold Brintlinger of Macon County termed the double shooting a murder and suicide.

Bank Of England Interest Rate Cut

LONDON (AP)—Britain today slashed the government bank rate by one half per cent today in a sudden move paving the way for cheaper, more plentiful sterling.

Chancellor of the Exchequer Richard A. Butler, master mind of Britain's economy, reduced the rate from 4 to 3½ per cent.

The bank rate is the interest figure at which the nationalized Bank of England lends money.

tions department has been added to relieve the overworked Alumni secretary. Monthly administrative staff meetings, for improving services for both faculty and students, are now held.

"The appointments of fulltime chaplain and dean of men have been made. A policy of consulting the students before any college change has been put into effect.

Physical Changes
On the physical plant side—Christ Chapel has been completed and classroom shortage has been alleviated by construction of additional classrooms in the basement of the new chapel.

"New administration offices, as well as an information desk and switchboard, were constructed in Glatfelter Hall. Improvements, including the laying of asphalt floors in Old Dorm, have been accomplished in the men's dormitories. More accommodations for women students have been provided.

"The Student Christian Association building now is the home of the snack bar and soda fountain, which formerly was in the Book Store. The entire space under the football stands has been enclosed and serves as a workshop, garage for college vehicles, storage space and wind break. An electrically operated football scoreboard has been installed. The college now has its own maintenance staff. Improvements in heating arrangements, including a new oil plant for seven buildings, have been installed. The parking lots behind Huber and Stevens Halls have been expanded. Additional landscaping has been done.

Faculty Changes

On the faculty a new Dean of Women, Dr. Martha Storek, has been appointed. Three professors have been added. Dr. Howard Long, head of the physics department; Dr. Esther Bloss, head of the new sociology department, and Professor Warren Robinson, head of the new art department.

Five assistant professors have been added: Henry Ackley, music; Dr. William Sanborn, French; Dr. William Grant, biology; Dr. Richard Mara, physics, and Lt. Guinn Unger, ROTC.

Four instructors have been added: Dr. Victor Alvarez, Spanish; Edwin Freed, Bible; Phillip Johnson, political science, and William Darrah, contemporary civilization.

Plan New Dorm For Men

Additions to the administrative staff include James Tarmen, public relations officer; Miss Eleanor Bidka, organist and choirmaster; Miss Jane Marden, head nurse, and Mrs. Beula Shark, nurse.

Dr. Langsam announced the following plans for the future: A Middle States Inspection in February, a Bachelor of Science offering in three fields, a revision of the general education (contemporary civilization) course, the offering of a Master of Arts degree, the construction of another men's dorm, additional work on Brua Hall, former chapel, and new parking area.

Veterans' Group Vote In Ex-POW

Membership in Hanover's three veterans' organizations and gift certificates from local merchants were presented to Cpl. Lloyd F. Shaffer, Abbotstown, the only released POW from this area, at a home-coming reception Wednesday evening tendered by the Allied Veterans' Council of Hanover.

Tribute was paid to Shaffer, who was a Korean prisoner for 31 months, and a moment of silence was observed in respect to all soldiers missing in action.

Cpl. Shaffer was accompanied by Mr. and Mrs. Martin McWilliams, Abbotstown, formerly of near Hanover, his uncle and aunt who raised him, and his brother, Kenneth McWilliams.

Chairman Of Case Company Expires

BRADFORD, Pa. (AP)—Funeral services will be held Saturday for J. Russell Case, 74, board chairman of W. R. Case & Sons Cutlery Co. He died yesterday.

Case entered the cutlery business in Little Valley, N. Y., in 1895. He came to Bradford 10 years later. His only immediate survivor is his wife.

Two Consumed In Tenement Blaze

NEWARK, N. J. (AP)—Two persons died today in a fire that swept a crowded tenement near the heart of downtown Newark.

Firemen found the two bodies in the three-story frame building. One was identified as that of Lepardo Ramos, 36, and the other as Miss Harriet Flaherty, 80.

A tenant was overcome by smoke, and neither received a cut arm.

Dozens of occupants, including women carrying babies, fled the smoke and flames, and were given temporary shelter in a nearby police station.

LANCASTER LIVESTOCK

LANCASTER, Pa. (AP)—Cattle 488, no choice long fed on sale, market undertone firm, short fed well sold. Calves 108, light run steady. Hogs, 235, all grades unchanged. Sheep 74, no lambs on market.

Miss Helen Moll, nurse at Ursinus College, and Mrs. Schlaybach, preceptress of Clamer Hall at Ursinus, were guests Wednesday of Miss Blanche Deatrick and Mrs. Zula D. Bowman, Biglerville.

Mr. and Mrs. Edwin L. Minter and two children have moved from their home on Hanover St., Biglerville, to Broadway, Gettysburg. Mr. and Mrs. Edward Lauth and family, Philadelphia, are occupying the Minter residence. Mr. Lauth is associated with the State Container Co.

The additional children who have enrolled in the private kindergarten which will open September 29, in the Bendersville Elementary School are Kristin Jacobson and Kathy Volland, Gettysburg R. 4, and Thomas Black, Bendersville. Mrs. Fred H. Lewis, Arendtsville, will be the teacher.

COURT HOUSE

(Continued from Page 1)

Preston Tate for many years received \$10 per year as official timekeeper for the clock. Since it was a matter of love and not money, he kept carefully after it, and the clock ran well.

Chains, Gears, Drums

Last year after the "umteenth" trip within a few weeks up the ladder to the attic of the court house, across the quarter block long plankings that serves as a walk across the attic, and more climbing up ladders to the clock tower, "Doc" Tate decided that he and the clock were in about the same condition and retired.

Since then the clock had deteriorated rapidly. In its prime, for about 50 years, the clock needed winding only once a week. Two wooden drums are located in the tower. Chains connect the two drums to two 1,000-pound concrete weights. The operator worked the drums like a windlass, "just like drawing water out of an old fashioned well," is the way Smith describes it.

When the chain was all wrapped around the one wooden drum the weight for the timepiece had been raised to the top of the tower. Then the operator had to perform the same operation for the weight of the striker. The weights then slowly descended, operating more chains and a great number of large gears, small gears and intermediate gears.

Old Face, New Works

In recent years the weights had to be pulled to the top every four days instead of once a week. As they passed the four-day spot on their descent the gears began losing power and the clock slowed. The mechanism has been described as "more on the order of a haybaler than a clock."

Legend has it that the clock was bought at a cost of less than \$100 by a candidate for county treasurer who promised the people of the county a clock in their court house tower if he were elected. Minute books fail to reveal anything about a clock, although some say there might be reference in some of the old minutes if anyone could make out the handwriting.

The new electric clock will be entirely inside the tower. The exterior will remain as it is, and a new generation will get the time, accurately again, from the same old faces and hands, but with modern works.

HEALTH BOARD

(Continued from Page 1)

the pulp, but the suggestion was dropped because of the danger of children wandering into the material.

Action by the board of health came as a result of a number of complaints from residents of the area and other sections of town.

Stover Small, president of the board of health, suggested that possibly some of the odor ascribed to conditions in Rock Creek actually arise from the tomato pulp-pea vine dumping.

Small added that the practice, carried on for years by the company, "caused little trouble until now, when the town is beginning to build up toward the canning factory and what was once 'out in the country' is now within a couple hundred yards of sections that are being built up." The area lies north of Railroad St. and east of Fifth St.

The company is anxious to clean up the problem, health officials said. Staub said, "It isn't a matter that can be handled in 24 hours."

The borough's mosquito elimination campaign, using the new sprayer, was described by the health board officials as "the most satisfactory program yet." A motion commending the borough on its mosquito work was made a part of the minutes.

While the session was in progress, a complaint was reported to the health officer that the TKE House was burning garbage. Borough police were dispatched to stop the burning, and the board took the opportunity to generally remind residents of the town that the burning of garbage is prohibited in the borough.

Lone Bandit Robs Fairfield Bank:
A lone young bandit, his face blackened but unmasked, held up the Fairfield National Bank Thursday morning at 9:45 o'clock and escaped with between \$600 and \$700.

Driving away in an old blue coach-type automobile, the hold up man was reported headed toward Mont Alto over the Cold Spring road with Jesse Weikert, H. W. McLaughlin and Arthur M. Moore, of Fairfield, in hot pursuit.

Robert Martin, cashier of the bank, and Arthur M. Moore, assistant cashier, were in the bank when the bandit entered. Walking up to the counter, the robber thrust a gun through the window, at which Moore was standing, and said, "Give me some money."

After pocketing the loot, the hold up man backed out the front door, saying, "Don't come out or I'll shoot."

The car was stolen in Waynesboro Wednesday evening. . . . The bank's loss is entirely covered by insurance. . . .

Local Couple Is Secretly Married:
Miss Anna Mae Miner, of Gettysburg, formerly of Waynesboro, and Lester Staley, son of Edmund Staley, East Middle street, were married last Thursday in Greencastle by the Rev. Walter Freed, pastor of the Lutheran church.

The couple are residing with the bridegroom's father. . . . Mr. Staley is employed at Grimm's service station, Buford avenue.

Local Officer Is Assigned to Camp:
William G. Weaver, captain in the 316th Infantry, has received orders to report for duty at the civilian conservation corps camp at Sizerville, Cameron county, on Saturday. The Gettysburg man's assignment is for six months.

57 Students at Academy: Gettysburg academy opened Thursday morning for its 107th annual session with 57 students enrolled. Among the students enrolled are:
George N. Acker, 3rd, New Oxford; Donald E. Kuhn, Cashtown; Herbert Patterson, Littlestown; William Phelps, Gettysburg; Robert Shealer, Gettysburg; William Utz, Gettysburg; Harold Weller, Gettysburg; Marlen McClellan, Gettysburg; and J. B. Riddlemeyer, McKnightstown.

Married in York: William Hollinger and Miss Helen Sarah Zimmerman, both of Gettysburg, were married at noon on Saturday by the Rev. Oliver S. Hartman, pastor of Emmanuel Reformed church, at the parsonage in York.

Seminary Opens with 70: The Lutheran theological seminary reopened for its one hundred and eighth year Wednesday morning with an enrollment of approximately 70 students, of whom 25 are newcomers.

The opening exercises were held in the seminary chapel, with the sermon preached by Dr. John Aberly.

Four of the new students at the seminary have enrolled from the theological department of Susquehanna university, which closed last spring.

Removals: Professor George F. Gutman, instructor of German at Gettysburg college, and his parents, have moved from Emaus to a house at Grand View Terrace, along the Biglerville road.

Elks Hold Party on Friday: Gettysburg's lodge of Elks held the first of a series of social functions, to be held throughout the winter months, Friday evening on the lawn in the rear of the Elks home on Chambersburg street.

Blue points and fresh shrimp featured the buffet supper. Cards and various other diversions made up the entertainment for the evening.

Coal Strike Peace Looms: Washington, Sept. 15 (AP)—Hugh S. Johnson, the recovery administrator, said today that "unquestionably" the bituminous coal code would be ready for President Roosevelt's signature tonight.

Johnson said the committee of 18 coal operators resumed work this morning and that "only three points

Today's Talk

By GEORGE MATTHEW ADAMS

OUTBOARDS — AND A BOAT
People who love the water have had it greatly enhanced by outboard motors. They have now been so perfected that they almost have a soul! They are carefully and intricately built so that they are almost foolproof—but they have to be treated kindly and with intelligence, or else they immediately revolt!

These outboards are both sensitive and responsive. They have a personality all their own. They stand punishment, but not too long. Like an automobile, they do what you tell them, but if you tell them wrong you get into trouble! Their great contribution is to give pleasure, to save your strength, and be your servant. They become a part of the boat to which they are easily attached. The outboard and the boat make up a team.

A boat without guests, however, is just a boat and an engine. The joy is in giving pleasure to others. Then it's something supreme! The wash of the waves performs a poem, and, with the sunshine and cloud formations, all nature unites to give added joy. The clean air and laughter of guests stimulate the soul, as the boat speeds ahead in an ever-changing presentation of new vistas and discoveries.

I named my boat "The Golden Arrow" because it is as responsive as an arrow and it leaves so many golden memories. The handle that guides the outboard is called "the co-pilot." It is rightly named, for it works with you who cooperate in steering the boat. It is a second in command. Commander and pilot are as one. We learn a great deal—even from a dumb engine! It takes more than gas and oil. It takes a little understanding.

My hat is off to those whose skill and inventive genius have contributed so much in the perfection of outboard motors. They have helped to bring added joy to thousands of lovers of the waters that spot this earth. What a boon to fishermen and to those with adventure planted deep within them! The outboards have helped to enrich health and happiness in this fear-filled earth of ours!

Tomorrow Mr. Adams will talk on the subject: "Differences of Viewpoint."

BUSINESS LESSON

In business, whether large or small, accounts are kept of loss and gain. Whenever sales begin to fall, the reason, salesmen must explain.

The men in charge inquire: "What's wrong?" Have we decided now to rest and grown content to drift along? Is what we make no longer best?

In business this is wise to do. Since only what is best survives.

Then should we not, at times, review

The failures in our private lives?

Men check the goods upon their shelves. Because such strict accounting pays. Then why not also check ourselves

And strive to change our careless ways?

MRS. MACLEAN'S BLACK SEDAN IS IN LAUSANNE

LAUSANNE, Switzerland (AP)—The black sedan in which missing British diplomat Donald Maclean's wife disappeared last Friday from Geneva was found today in a Lausanne garage.

The garageman said it was brought in early Friday night by a woman with three children answering to the missing family's description and that the group rushed across the street to the railway station.

He said the woman told him she would come back for the car in about a week.

The disappearance of Chicago-born Mrs. Melinda Maclean, 37, and her three small children was revealed yesterday. Her husband and another member of the British Foreign Office staff, Guy Burgess, are generally believed in the West to have fled behind the Iron Curtain after they crossed from England to France in May, 1951, and dropped from sight.

Living With Mother
There has never been any official confirmation, however, that the two men had gone to the Communists.

Mrs. Maclean and her children—Fergus, 9, Donald, 7, and 2-year-old Melinda, born three weeks after her father disappeared—had been living in Geneva with Mrs. Maclean's mother, Mrs. Melinda Dunbar.

Mrs. Dunbar told police her daughter left with the children Friday to spend the weekend with friends in Montreux. When they did not return on Monday, Mrs. Dunbar notified the police.

Newsman Is Given \$14,000 Position

CAMDEN, N. J. (AP)—The Delaware River Port Authority yesterday appointed a Philadelphia newspaperman as secretary of the authority and approved wage increases for a majority of its employees.

John M. McCullough of the Philadelphia Inquirer is the new authority secretary. The position pays \$14,000 a year. The 10 per cent wage increases, retroactive to April 15, were voted for all operating employees with a maximum increase of \$500 and a \$500 increase for the treasurer, a publicity aide, an accountant and two senior stenographers.

SET CONVENTION DATES
HARRISBURG (AP)—The Pennsylvania School Press Assn. has set Nov. 6-7 for its 22nd annual convention at McCaskey High School, Lancaster.

Final arrangements for the convention will be made this weekend at a meeting here of the advisory board of the association, which is the governing body for more than 400 high school publications in the state.

Bullets-Shippensburg Clash In Scrimmage

The Gettysburg and Shippensburg State Teachers' College football squads staged a lengthy scrimmage Wednesday afternoon at Shippensburg with the Bullets holding the advantage.

Much improvement was noted in the passing attack and in many other phases the Bullets looked better than they did last week against West Chester.

Johns Hopkins University will come here Saturday for a scrimmage at 2 p.m. which will be the last interschool workout for Gettysburg prior to the Bullet-Delaware game at Delaware on September 26. Ross

LAST BANKER IS SENTENCED IN FRAUD CASES

PITTSBURGH (AP)—The U. S. District Court docket here is clear of major bank embezzlement cases today for the first time in more than two years.

The docket was cleared yesterday with the sentencing of Paul J. Stratiff, former cashier at the First National Bank of Indiana. He was given a three-year suspended sentence and placed on probation for five years after pleading guilty to embezzling \$30,000 of the bank's funds.

Stratiff was the last of more than a dozen bankers and bank employees who have been sentenced during a wave of Western Pennsylvania embezzlements which began in 1951. More than a million dollars was embezzled.

No Criminal Intent

"All of the so-called major cases now have been disposed of as far as sentencing is concerned," said U. S. Atty. John W. McIlvaine. "Of course, there may be some motions come up from time to time and there are so-called minor cases on the books but the major embezzlers now have been before the bar for sentencing."

The 54-year-old Stratiff showed little emotion as visiting Judge John D. Martin of Memphis, Tenn., imposed sentence. The jurist said

Truckers Ask For Probe Of Crossings

HARRISBURG (AP)—Citing a recent Clearfield County grade crossing accident that took six lives the Pennsylvania Motor Truck Assn. has called for a complete investigation of railroad grade crossings in the state.

In a letter to Leon Schwartz, chairman of the State Public Utility Commission, Edward Gogolin, PMTA general manager, said records show no less than 485 accidents at grade crossings last year. "This would seem to offer proof that these crossings constitute a fearful safety hazard on the state's highway network."

Stratiff appeared to be an honest man without criminal intent.

Eleven witnesses testified as to Stratiff's good character. Among them was Mayor Warren Kline of Indiana.

Warriors Play At Delone, Carlisle At Biglerville, West York At Littlestown

Scholastic football fans will have their choice of three games Friday evening when four county teams are listed to engage in their second contests of the season.

Gettysburg High journeys to McSherrystown to lock horns with Delone Catholic, Carlisle invades Biglerville for an engagement with the Cannons, while Littlestown will be host to West York in the opening Laurel Conference game.

The Gettysburg-Delone game will mark the 13th in the series which started in 1939 when the Squires won 6-0. Delone holds an 8-4 edge in the series. Warrior victories were as follows: 1942, 21-0; 1950, 12-0; 1951, 12-7, and 1952, 33-7. The Delone triumphs included: 1940, 14-6; 1943, 7-0; 1944, 25-0; 1946, 13-6; 1947, 25-6; 1948, 13-6, and 1949, 28-0.

Each contest between the schools has been particularly hard fought and this year is expected to be no exception. Both squads are comparatively inexperienced and green but should come along as the season progresses.

The Warriors edged Westminster here last week 13-0 and Coaches Howard Shoemaker and Jack Cervino are expected to use the same lineup with the possible exception of Pete Baughman, end, who is recovering from a sprained ankle. If Baughman is side-lined he will be replaced by either Merle Gorman or Dave Thomas. Other starters will include: End, Stanton Musser; tackles, Jay Schmitt and Bob Dillman; guards, Ted and Roger Crouse; center, Carl Westerdahl; backs, George Penn, Robert Rohrbaugh, Charles Livingston and Ronnie Williams.

Delone Starters
Last week's 21-0 loss to Hanover was doubly costly to Coach Johnny McMahon's Squires as Claude Zepp, veteran guard, fractured an ankle and will be out for the season.

Delone will probably open as follows: Ends, Burnell Bevenour and Jude Smith; tackles, Glenn Zeigler and Pius Small; guards, Gerald Shrader and Don O'Brien; center, John O'Brien; backs, Wib Noel, Martin Redding, Charley Hemler and Andy Brady. The line will average about 165 and the backfield about 160.

A large delegation of Gettysburg fans will attend the game and will be headed by the high school band.

Canners Face Toughie
At Biglerville Coach Gene Haas's Cannons take on a man-sized job when they are host to Carlisle of the South Penn Conference.

Although the Thundering Herd will be without many of its stars of last year, the Cumberland Countians are expected to prove a tough foe for all opponents. Three regulars from last season are almost certain starters, Bill Delancey, tall end; Lee Baker, tackle, and Bill Rowe, 190-pound center. Glenn Hassinger, Taylor Hodge and Del Lincoln, who saw a lot of duty last season, will probably start in the backfield. Friday's game will be the first for Carlisle.

Last week Biglerville battled to a 12-12 deadlock at Littlestown and this week engaged in rough work-outs to iron out the ragged edges.

The Cannons are expected to start with: Bill and Glenn Shaffer, ends; Paul Harmon and Don Kuhn, tackles; Carr Marks and Charles Harper, guards; Maurice Pitzer, center; Wayne Guise, Burnell Dehoff, Bill Decker and Lloyd Naylor, backs.

'Bolts In Loop Game
The initial Laurel Conference game is slated to be played at Littlestown Friday night where Clay Evans' Thunderbolts entertain West York.

Coaches Clay Evans and Maurice Bream were comparatively well pleased with their charges against Biglerville although to accept a tie after leading until the final period.

The 'Bolts undoubtedly will field the same lineup as that of a week ago. It will include Jay Shovaker and Fred Busby, ends; Dave Bucher and Tom Orndorff, tackles; John Todd and Jack Bowers, guards; Jim Sellman, center; Dean Sell, Charles Hall, Elvin Chronister and Don Kump, backs.

In neighborhood contests of local interest are Scotland at Chambersburg; Hanover at York; Steelton at Hershey; Calvin Collidge of Washington, D. C., at Mechanicsburg; Shippensburg at Waynesboro. Tonight Bolling Springs will meet Hummelstown on the Bubblers gridiron.

Cycle Races Listed At Williams Grove

WILLIAMS GROVE, Pa.—Daredevils of the two-wheelers will take over the Williams Grove Speedway Sunday when a nine-event card of thrilling cycle competition will be staged under the sanction of the American Motorcycle Association.

Leading cyclists from throughout the country are expected to file entries for the races.

Events will be staged in expert, amateur and novice classes, with riders to qualify for a feature race in each class from a series of qualifying races.

VEECK GIVEN PERMISSION TO MOVE BROWNS

CHICAGO (AP)—Bill Veeck has received his first O.K. to transfer the St. Louis Browns to another city—probably Baltimore.

A special American League committee said yesterday it will recommend the shift of the club to a full league meeting which will be held in a few weeks.

The special committee was made up of Charles Comiskey of the Chicago White Sox; Walter (Spike) Briggs of the Detroit Tigers; and Will Harridge, president of the American League, and Arthur Friedman, acting for the Boston Red Sox and the New York Yankees, respectively.

No specific city was O.K.'d for the new site of the Browns, but Veeck, president of the club, said nothing had occurred during yesterday's conference to rule out Baltimore as his preferred site.

"We made it quite clear we wish to go there," said Veeck.

Rejected Last Year
The American League last spring voted 5-2 against switching the St. Louis club to Baltimore.

During yesterday's deliberations, Veeck outlined the Browns' financial plight. Harridge said the committee digested "a comprehensive financial report of the Browns' current status."

Clarence Miles, Baltimore attorney, did not attend the sessions but said later that considerable Baltimore capital will be invested if that city gains the franchise.

Previously Miles and a tax expert had met with St. Louis directors to go over the Browns' books with a view to determining the financial outlook for 1954.

"We will have all the money that is needed if and when league approval is given for the transfer," Miles said.

Only about 300,000 customers have paid to watch the Browns at St. Louis this season.

KIMBERLY KID SETS RECORD

READING, Pa. (AP)—With 71-year-old Tommy Berry in the sulky, Kimberly Kid set a new world record for three-year-old trotters of 6 minutes 15 seconds for 3 miles over a half mile track in winning the \$14,487 Reading Fair Futurity yesterday.

Winner in all three heats, the Allwood Stable, Far Hills, N. J., colt was clocked at 2:04, 2:05 and 2:06. The first mile is a new record for a half mile track for age and sex. The former world record for the three mile distance was set at the same track by Dean Hanover in 1937.

The Grant Circuit Stakes Futurity was the fifth in a row for Kimberly Kid. He was last beaten in the Hambletonian at Goshen, N. Y., by Helicopter, who finished third in each heat yesterday. Second in all three heats was Lark Hanover, owned by Sheppard and Myers of Hanover, Pa.

Bob Turley Loses Another Close Decision To Yankees As Browns Split; Tribe Wins

By BEN PHLEGAR
AP-Sports Writer

One of the brightest prospects who will leave St. Louis with the Browns at the end of this season is young Bob Turley, a strikeout artist fresh out of the army.

A big, husky 22-year-old right-hander, Turley turned up unheralded in mid-August and went to work immediately. In a month he's appeared in eight games. His 2-4 won and lost record is nothing to shout about, but some of his other figures are quite impressive.

In 47 innings he has struck out 48 men. He has pitched complete games in his last three starts, two of which ran 12 innings. In these three contests he allowed only 15 hits while striking out 30.

All Close Decisions
Pitching for a last place club is one of the toughest jobs in baseball. Turley, for example, has lost all four of his games by one run. In fact, all but one of the games in which he's appeared have been decided by one run.

He lost one of these last night to the champion New York Yankees 3-2. He gave up only four hits, all singles, but the Yanks combined three of these with two walks to get all of their runs in the sixth inning. Turley struck out eight and walked eight.

A native of East St. Louis, Ill., Turley is a product of the Browns' farm system. The 6-2 210 pounder first hit the majors at the end of 1951 after being chosen the most valuable player in the Texas League while at San Antonio. He was beaten by the Chicago White Sox in his one start before beginning his army hitch.

Tribe, Senators Win
Although he got beat, his Browns broke even with the Yankees in their after dark twin bill. They won the first game 5-3 against an

Delay Naming Of South Penn Baseball Champs; Schedules Admitting Middletown Okayed

A decision on the baseball championship for the 1953 season in the South Penn Scholastic Baseball League will be made at a meeting here on November 30 of representatives of the four member schools, it was decided at the regular fall conference meeting held Wednesday evening at the Howard Johnson restaurant, near Mechanicsburg.

Gettysburg High finished first but did not play a full schedule. Hanover, second place team, had previously challenged the Warriors' title claim. The Nighthawks played all of their games.

It was decided that coaches and faculty managers of the baseball league teams—Gettysburg, Hanover, Chambersburg and Shippensburg—would meet to make the decision and in addition draw up rulings to avoid future similar mixups. The decision will be presented and the trophy awarded at the meeting December 2 at the Lincoln View Motel, near Abbottstown.

Preceding the meeting, faculty managers and athletic directors drew up the 1954-55 basketball schedule which was later approved by all schools. It provides for full participation by Middletown, who became a new conference member last year and will open on December 17.

Carl Graham, Mechanicsburg, president of the organization, presided during the meeting. Following the introduction of new personnel on school staffs, approval was given the reports of the secretary and treasurer. Annual dues of \$15 per year for each school was retained.

Approval was given the 1955 football schedule which was drawn up last spring by faculty managers. Middletown will take part in football competition for the first time in that year. It was decided that all contracts for that season must be signed and returned to other schools by September, 1954.

Trojans Get Trophy
A trophy was presented to Chambersburg High School for winning the junior varsity basketball title last season.

In approving the 1954-55 basketball schedule it was decided to adopt the schedule for two years in order to permit schools more time to secure officials.

It was also decided that the 100 Spaulding ball or any top flight sealed seam ball may be used for basketball.

Approximately 50 representatives from the nine membership schools attended the meeting.

Those from Gettysburg attending were George S. Forney, Guile W. Lefever, Fred Troxell, Howard Shoemaker, Rogers Herr, Jack Cervino and Luther I. Sachs Jr.

MAY START FOR PENN

HERSHEY, Pa. (AP)—John Kopenhaver, 20-year-old Shamokin, Pa., grinder, may be the starting quarterback for the University of Pennsylvania when the Red and Blue opens the 1953 football season Sept. 26 against Vanderbilt at Philadelphia's Franklin Field.

Kopenhaver, a junior, was a line

assortment of second stringers. Ed Lopat, one of the few regulars who started, suffered his fourth loss and was forced from the game in the fourth inning when he was struck on the right foot by a line drive.

In other action yesterday Cleveland beat Philadelphia 7-2. Washington defeated Chicago 4-2 and Detroit thumped Boston 8-3 in the American League; St. Louis edged Brooklyn 5-4. Milwaukee whipped Pittsburgh 7-3. New York shaded Cincinnati 4-3 and Chicago defeated Philadelphia 7-4 in the National.

Bobby Feller scattered eight hits in winning his ninth game for the second place Indians at Philadelphia. Eddie Yost celebrated his "night" in Washington with a single and a double as the Senators beat Virgil Trucks who was trying to win his 20th game. Yost hasn't missed a Washington game since July 5, 1949.

46th For Mathews
The Tigers pounded four Boston pitchers for 18 hits including two by shortstop Harvey Kuenn who became the first rookie in either league to get 200 hits since Dick Wakefield did it with the Tigers in 1943.

In beating Brooklyn the Cardinals pinned the first loss on Preacher Roe since mid-May. The left-hander had won 10 straight.

Eddie Mathews hit his 46th home run and raised his runs batted in total to 131, bettering the previous club record for the Braves. Danny O'Connell extended his hitting streak through 25 games, a Pittsburgh club record first set by Charlie Grimm who now manages Milwaukee.

The Cubs' victory over Philadelphia was their 11th in their last 12 games.

Al Dark's home run with a man aboard provided the victory margin for the Giants over Cincinnati.

READING WINS SECOND GAME

READING, Pa. (AP)—The Reading Indians carry their quest for the Eastern League's 1953 championship to Binghamton tonight on the wings of a one-sided victory that gave them a 2-0 lead in the best-of-seven game battles.

The Indians slaughtered the Triplets here last night, 10-3, behind the eight-hit pitching of Billy Joe Davidson. The triumph made the pennant-winners heavy favorites to capture the final series.

They rattled seven hits good for eight first-inning runs off Triplets pitchers John Wingo, Mike Schults and Leo Evans. Manager Phil Page of the Triplets later used two more moundmen, Mark Freeman and Jim Newman, in an attempt to quiet the thunder. Wingo was the loser.

Slash 13 Hits
Reading's 13-hit barrage including leftfielder Joe Caffie's four-for-five and doubles by Ron King and Bobby Moscrey. King's double was the only extra-base wallop of the big first inning.

Catcher Cal Neuman of the Triplets smashed the only home run. Binghamton's ace, Wally Burnette, will pitch tonight's game against either Jack Carmichael or Floyd Penfold of the Indians. The fourth game, and fifth and sixth contests if necessary, also will be played in Binghamton.

backer last season and didn't start signal calling until training began this summer. He's regarded as one of the best passers on the Quaker squad.

Bob Porterfield of the Senators recently celebrated his 29th birthday by pitching a one-hit shutout against the Red Sox.

Catcher Roy Capanella of the Dodgers was the first hitter in the majors to drive home 100 runs this season.

CHAMPS JOIN SPECTATORS AT GOLF TOURNEY

OKLAHOMA CITY (AP)—The common people took over the National Amateur Golf Championship today at the plush Oklahoma City Golf and Country Club.

The former champions—with one exception—the Walker cup stars and the rich men's sons joined the galleries as the field was reduced to 16 players for the second "double death" round that will bring the tournament down to the semi-final stage tonight.

Still Competing
Those still competing included: Two public links players—the champion and runner-up. Three college boys. A Coast Guardsman and a Navy aviator whose main duty is directing recreation.

A steel plant worker. A covey of salesmen. And an unemployed politician who doesn't have to worry about the shortage of votes.

Working Men Reign
The bracket of 16 wasn't entirely devoid of name players—or golfers financially able to hold up their end in the country club set. But it definitely was a tournament for the working men at this stage.

Among the survivors were 1950 champion Sam Urzetta of Rochester, N. Y.; three other members of the 1953 U. S. Walker Cup Team; John L. Morgan, the most successful of the British Walker Cuppers; and the Western Open Champion, Dal Morey of Indianapolis.

In addition to Urzetta are Walker Cuppers Bill Campbell, the former West Virginia legislator; Gene Littler, San Diego, Calif.; Navy Station, and Jim Jackson of St. Louis.

Ex Champs Fall
These four survived the third day of the tournament which saw defending champion Jack Westland, ex-champions Charley Coe, Ted Bishop and former British amateur champion Harvie Ward, knocked out of the running.

The duel between Coe and Ward was the big event yesterday and when Coe lost on the fifth extra hole, after a memorable comeback from a three-down deficit with five to go, the prospects for oversized galleries during the rest of the tournament began to fade. When the winner, Ward, lost out to Bobby Kuntz from Larchmont, N. Y., the last of the glamor boys disappeared.

DEL FLANAGAN POUNDS ROOKIE FOR COUNT IN 7

CHICAGO (AP)—Del Flanagan gave a sensational rookie a brutal right lesson last night, but the St. Paul cutie still is a long way from a shot at Kid Gavilan's welterweight crown.

Flanagan went roaring into action last night to knock out a touted Chicago kid, Alan Moody, who had won 26 of 27 pro starts.

The International Boxing Club today talked about a late October date at Detroit for Flanagan against Chuck Davey or Billy Graham, both of whom have seen better boxing days.

But Davey wants a return shot against underhanded Al Andrews who whipped TV's former darling soundly at Saginaw, Mich., Monday night.

Rookie Fought Gently
Then there are guys like Johnny Bratton, who has a November meeting promised with the winner of Friday night's Gavilan-Carmen Basilio bout. Johnny Saxton and Gil Turner for whom Flanagan must mark time.

Moody, a game 20-year-old former Golden Glover tried to keep pace with Flanagan before a paid crowd of 1,463 at last night's nationally televised Chicago Stadium bout.

He succeeded for six rounds, holding the vote of two of the three officials. But in the sixth Moody opened a cut over the dancing Flanagan's right eye.

Quits Dancing
Flanagan danced no more. He came out swinging in the seventh round. A right to the head left Moody's eye. Then a vicious left-right combination to the jaw felled the Chicago Negro for a mandatory eight count. He managed to stagger to his feet, but Flanagan quickly forced him into a soggy, slumping sack in 2:39 of the round.

PITCHING — Connie Marrero, Washington, beat Chicago for the third time this season giving up six hits in a 4-2 triumph.

Shippensburg High Appears Headed For Another Bleak Grid Season; Line Is Weak

(Another in the series of articles on the 1953 prospects of teams in the South Penn Scholastic Conference.)

By JESS GARBNER
News-Chronicle Sports Editor

SHIPPENSBURG—Winter had had a habit of arriving during football season in Shippensburg and the scouts of five of Shippensburg High School's football opponents who sat in the stands to see the 40-7 scalping dealt out by Chief Logan Friday probably conceded that there is another cold, hard winter ahead for the Greyhounds.

Greyhound supporters point to a stable of experienced backs and a lightened schedule as reasons why the Hounds should win some games this season. Those two reasons failed to plug the line Friday night as a fairly slow Logan backfield seemed to roll through at will.

Clair E. Baughman, in his first year coaching the Hounds, probably has one of the best backfields assembled in the history of the school, matched with a line woefully lacking in experience.

Backs returning from the 1952 team include Dick Angle, 175-pound fullback; Ben Wheeler, a speedy halfback; Gerald Rosenberry, a converted end who was sidelined by injury in 1952; Bill Bard, a back who saw considerable service, and quarterbacks Tommy Kling and Jack Tritt. All saw considerable experience a year ago simply because there was no one else available. Added to those backs is Ike Black, a 165-pound sophomore fullback who seems destined for a great career, and Ken Swartz. Both are up from the jayvees.

Jack Frey and Harold Dunlap at tackles offer the most experience of anyone on the line and they are backed up by two jayvee grads, Roger at 212 pounds and Lester Wadel.

Light Linemen
Two lightweight guards, Terry Helm and John Gribble, have indicated they'll give the experienced Bob Strohm a fight for that spot while Lee Wenger, another light-

weight, is starting material. Jim Staver and Dick Negley have so far failed to indicate the strength at the center position that was there a year ago when big Bill Heberling manned the post.

On the terminal positions Ray Keefe looms as a standout, especially on defense, while Don Reath, Frank Wyrick and Ron Lightfoot are regarded as capable. Baughman's job this season seems to be one of matching his backs with a line that can protect passers, punters and playmakers and open a few holes for runners.

Non-Conference Rating
Of course, last Friday's game indicated its biggest immediate need was for a little glue on the hands of his backs who lost nine of 11 fumbles and handed the visiting Indians four scores while preventing another Shippensburg tally.

There is no question of the Hounds contending for the conference championship, it's down on paper now, but it appears that the big question for this season will be whether Baughman's club can achieve the annual coveted seventh position by topping Waynesboro this Friday night.

Eastern And Central High School Power Teams Swing Into High Gear This Week

By DICK HOENIG
HARRISBURG (AP)—Pennsylvania's eastern and central powers get into the act this weekend as the 1953 schoolboy grid season shifts into high gear.

Among schools scheduled for season openers, chiefly against non-league foes, are Allentown, Swoyersville, Reading, West Scranton, Lancaster, Williamsport, Lock Haven and Bethlehem. As usual, the slate for the second week of the campaign includes a number of evenly-matched contests that will propel the victors into the limelight in forthcoming conference races.

The state's Big Three independents, Allentown, Bethlehem and Easton, all join the fun this weekend. Allentown will start only one man from last year's first team that was defeated only once when it goes against Philadelphia South-east Catholic.

Bethlehem Loses Power
Bethlehem fields an eleven below its normal manpower standard against another city school, Philadelphia Southern. Easton starts off as host to neighboring Wilson. All three of the big schools, top powers year after year, should come through with successful openers.

The 51-member Eastern Conference race picks up steam with a 22-game slate finding all the top rated schools playing. Swoyersville and West Scranton open against Kingston and Plymouth and are expected to chalk up victories.

Old Forge's defending league winners and unbeaten in 14 consecutive conference games, are headed for victory No. 2 of the year at the expense of Duryea. The Minersville-Schuylkill Haven and Coal Township-Ashland battles pit early season favorites in toss up tilts with the edge going to Schuylkill Haven and Coal Township.

Revenge Game
The big one in Central Pennsylvania will be played under a banner bearing the word revenge. Sunbury's Owls, southern division winner in the East Penn, are out to get back at Williamsport for a last second and highly controversial 16-14 upset scored by the Millonaires last year. Sunbury, with one win behind and a home field to play on, rates a slight nod.

Lock Haven, defending Susquehanna League champ and an early favorite to repeat, probably has enough to take a good looking State College team.

The big Western Conference game finds Boswell invading Conemaugh Township with the township team in the favored role.

Double A Games
Seven double A games in the WPAL will result in trimming of the list of contenders for league honors to under 25. Four teams were dropped from the entry list of 35 last week. Greensburg, last minute victor over Beaver Falls

Annual County CE Convention To Be Held At Christ Church, Near Littlestown, On Sept. 26

The annual Adams County Christian Endeavor convention will be held at Christ Reformed Church, near Littlestown, on Saturday, September 26, beginning at 2:30 p.m. A workshop is being planned for the first portion of the afternoon in charge of Paul Hurley, Loysville, a past president of the Pennsylvania State Christian Endeavor Union, who is a member of the advisory board of the state. Following the workshop, a recreation period will be held for the delegates.

A turkey banquet will be served at 6:30 p.m. Reservations may be made with Miss Lucille Shoemaker, Littlestown, R. 2, at 8 p.m. Mr. Hurley will be the speaker for installation of officers.

Alumni Night will be celebrated when the Littlestown High School Thunderbolts play their second football game of the season on Friday night at 8 o'clock on the Littlestown Memorial Field. The local punters will tangle with West York High School.

Golden Deeds Class Meets

Mrs. Edgar A. Wolfe, Lumber St., was hostess to the Golden Deeds Sunday School class of St. John's Lutheran Church for the first fall meeting on Tuesday evening. During a song service, with Mrs. Lloyd L. Staveland as accompanist, the group sang the class song, "Somebody Did A Golden Deed Today." "O, Worship the King" and "What A Friend We Have In Jesus." The 23rd Psalm was repeated in unison. Readings were given by Mrs. Harry O. Harner, Mrs. Humbert C. Rice, Mrs. Lloyd L. Staveland and Mrs. W. E. Stites. Routine business was conducted in charge of the president, Mrs. Lloyd L. Staveland. The secretary, Mrs. Harry O. Harner gave her report. Group contests were held during the social hour in charge of the hostess, and Mrs. Kathryn Hull won a contest prize and Mrs. Lloyd Staveland won a Bible quiz. Refreshments were served by Mrs. Wolfe. Mrs. H. C. Rice will be hostess for the next meeting on Tuesday, Oct. 20.

John N. Sell, interior decorator, has remodeled his store room at 26 E. King St., and has added a line of stationery and novelties. Miss Alma Reaver, daughter of Mr. and Mrs. Lloyd Reaver, N. Queen St., has resumed her studies at the Mansfield State Teachers' College. Miss Reaver is a senior majoring in home economics.

T-Sgt. and Mrs. John Hanshaw, Vance Air Force Base, Okla., arrived this week to spend a month with the latter's mother, Mrs. Edith Bunty, Hanover Rd.

"THE GALLANT DEFEAT"

It matters not if we may fail... or if we should be beat... but what counts most of all is how... we weather our defeat... for often when the game is lost... the gain is greater still... if we can take it with a smile... we're bound to climb the hill... another chance to try... each loss can be a stepping stone... to places that are high... the loser who can learn a bit... and profit by his loss... then have the faith to try again... is bound to get across... and so it is we all must take... the bitter with the sweet... for what counts most of all is if... we're gallant in defeat.

Dillsburg

DILLSBURG—Lester L. Wise and Mrs. Mary D. Cook, Washington Twp.; James E. Otto, Dillsburg; John A. Goehner, Dillsburg; Fernin Kinter, Washington Twp.; Russell L. Shillito, Dillsburg, and Maurice Coulson, Franklintown, are among names drawn for prospective jury service for the remainder of 1953 in the York County court.

Victor L. Runk, son of Mr. and Mrs. Roy V. Runk, near Victory Schoolhouse, has been promoted to the rank of corporal while serving in the armed forces at Augsburg, Germany. Cpl. Runk anticipates his return to the U. S. before Christmas.

Washington Grange of Kralltown met at their hall recently. Harvey E. Swartz, York County superintendent of schools, was the speaker. Among those recently appointed associate vice presidents of the Firemen's Association of York County to serve until the next convention in August, 1954, are: Spurgeon E. Kimmel, Wellsville, and Clair Baker, Dillsburg.

Pvt. John E. Ryder, whose wife was formerly Nancy L. Evans, Wellsville, has been chosen as the "Outstanding Trainee of the Day" for Third Armored Division, Ft. Knox, Ky., and was photographed there while being congratulated by Maj. Gen. R. W. Stephens, the division's commanding general. As the "outstanding trainee," the young man served as enlisted aide for a day to Maj. Gen. Stephens, accompanying the general on all inspection tours and staff meetings.

M. G. Sheffer, Franklintown, has been housebound recently due to illness.

Mr. and Mrs. Claude H. Wolf, Franklintown, had as a recent guest her sister, Mrs. George Rice, Harrisburg.

Mr. and Mrs. Harry Wagner entertained at their Franklintown home during the past week when N. A. Spidel, Harrisburg, was a guest.

Pvt. Ryder was selected for this honor by the officers and cademen of his training unit, Company C, 32nd Medium Tank battalion. Selection was based on his "military bearing, initiative and devotion to duty."

A son of Mrs. Nettie L. Ryder, also of Wellsville, he was inducted in February, 1953.

Joseph Hershey, Franklintown, who has been seriously ill, is reported improving.

Pvt. Charles E. Darr, son of Mr. and Mrs. Albertus B. Darr, Dillsburg R. 1, is with the U. S. troops in Germany. He entered the service in February and trained at Camp Atterbury, Ind. He is a former employee of a Dillsburg area contractor.

Mrs. Thomas M. Malin, York, spoke at "Our American Heritage" at the first fall meeting of the Warrington Neighbors Women's Club, conducted at the Wellsville Methodist Church rooms. Mrs. Paul Bodwell, Mrs. E. W. Gladfelter, Mrs. Richard Ridgeley and Mrs. Benjamin Truax poured tea at the social session. Mrs. Ida Grist acted as chairman. It was decided to hold the next meeting Wednesday, October 7, at the Robert Paxton home in the Wellsville area when the topic will be "Arts and Ceramics."

Building Boom Picking Up Again

WASHINGTON (AP)—The Labor Department said today a recent decline in home building starts "seems to have abated."

There was a sizeable decline in starts in July, but the Bureau of Labor Statistics estimated August starts at 94,000, only 2,000 fewer than in July.

The bureau said starts so far this year through August were 769,800 units, about the same as in the first eight months last year.

The bureau said housing activity was adversely affected during July and August because of construction workers' strikes in some areas.

Wake Up To More Comfort Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Littlestown Joint School Bd. Opens Bids On New Furniture; Two Grade Teachers Are Elected

The Littlestown Authority Board met with the joint boards of the Littlestown Joint School System on Tuesday evening at the high school. The purpose of the joint meeting was to discuss the selection and purchase of furniture for the new elementary school building, being erected on East Myrtle St. Attorney Daniel E. Teeter was present to open the bids on furniture and read the quotations to the board members in attendance. Representatives of various furniture houses were also present and showed furniture samples to directors and authority board members.

A general report of the expenditures thus far for the new building was presented by Wilbur A. Bankert, president of the authority board. Other board members present were John C. Forry, Luther Hess, Parr Breighner and A. C. Leatherman. School directors in attendance were Bernard Murren, Ray Reichart, Fred Hartlaub, Elmer E. Furlow, Wade Brown, Clayton Harget, William Feeser, Arthur Buehler, Austin Shoemaker, John Schwartz, Glenn Bowers, Charles Shilde, Wilbur E. Mackley, Lloyd E. Crouse, Henry E. Waltman, Stanley R. Sell, George Worley and David S. Little, together with Paul E. King, supervising principal of the Jointure.

Two Teachers Elected

At the conclusion of the session, Mr. Buehler, president of the joint board, turned the matter of the final recommendation on furniture over to the authority board and the building committee. This group will also be in charge of awarding the bids. A meeting of the board and committee will be held within the next few weeks to make the decisions.

Two teachers were elected by the joint board, on recommendation of the teacher committee, whose report was presented by Clayton Harget. They are Mrs. Maratha Knechel, Gettysburg, fifth grade teacher, and Miss Betty Reindollar, Lumber St., second grade teacher.

A brief session of the Joint School Committee of the Littlestown Joint School System preceded the combined meeting of the joint boards with the authority board, at the high school. President Arthur Buehler presided and other directors present were Wade Brown, Elmer E. Furlow, Glenn Bowers, Wilbur E. Mackley, Lloyd E. Crouse, George Worley and Ray Reichart, Supervising Principal King and Secretary Henry E. Waltman were also in attendance. Treasurer Reichart reported receipts for August totaling \$16,793.19. Expenditures for the same period included \$54.20, general control; \$10,902.89 for instruction; \$999.45 auxiliary agencies; \$262.50, coordinate activities; \$737.66 for operation of plant; \$1,241.76, maintenance of plant and \$131.57 for fixed charges, a total of \$14,330.03 expended. Principal King reported that an upright piano was presented to the school by F. Bernard Cornell, of town. The September session of the

Littlestown borough school board took place on Tuesday evening at the high school, with Carl H. Baumgardner, president, in charge. Others in attendance were Wilbur E. Mackley, Lloyd E. Crouse, Henry E. Waltman and Secretary Luther W. Ritter. Receipts for August as reported by Secretary Ritter follow: Received from the Commonwealth of Pennsylvania as reimbursement, \$691.21; from LeRoy W. Bish, tax collector, \$7,500. Bills ordered paid included, to the Littlestown Joint School System, \$8,840.55; association of school board secretaries, \$3; LeRoy W. Bish, commission on taxes collected, \$208.02.

A discussion was held on tax exonerations, and exonerations were granted for people who have moved from the community, errors in the duplicate and deceased persons. A letter of commendation on the community summer recreation program and the efficient supervision of Mrs. Kay C. Sentz, and Clayton L. Evans was received from an appreciative local resident, and read aloud to the board. The next meeting of the board will be held Tuesday, October 13.

be held in the parish house on Sunday night following Evensong, conducted by the Canterbury Club, and will be in charge of all the women of the church, with Mrs. Arthur Buehler as chairman. The religious School of Education to be held in October was discussed and the Auxiliary agreed to pay the registration fee for any church school workers who wish to enroll. A copy of the book "Liberian Palaver" was ordered to be used for discussion at future meetings. The Episcopal Church has a strong mission in Liberia and it was announced that their Negro Bishop there, Dr. Bravid Harris, is a personal friend of the Rev. L. W. Slifer, former Gettysburgian who was a missionary for the Lutheran Church in Liberia.

Mrs. Roy H. Hammond, president, presided at the meeting at which 11 women were present. Mrs. Blanche Lank and Mrs. Frank Swazey were added to the active list. All women of the church are considered as members of the Auxiliary, however. Devotions were conducted by Mrs. Guyon E. Buehler, on the topic "Doing the Impossible."

The Auxiliary voted to meet in the homes of members during the winter months and the next meeting will be held on October 7 with Mrs. Blanche Lank and Miss Betty Lank, 227 N. Washington St., as hostesses.

NEW YORK (AP)—The stock market advanced today for the third straight time from the low of the year touched Monday. The move was not vigorous nor did it go very far, but all elements of the market joined in the advance.

BANKERS TOLD

(Continued from Page 1)

books to drive-in parking. Now some banks even have attendants to keep the babies happy while mother does her banking.

"Better training of employees is needed, not only as a means of getting more valuable and skilled help, but as a public relations feature. The employee who knows his job and does it cheerfully and knows the value of his work and the value of the bank to the community is invaluable in creating better public relations."

"As part of a public relations program banks should let their communities know what they are doing in the line of community service. Bankers should accept the mantle of authority as financial leaders of the community. A recent survey showed that two-thirds of the American public knows of no way in which banks assist their communities. Yet you are of constant service to the community—let the town know what you are doing."

Value Of Advertising

Womer told the bankers, "One way to bring about a public appreciation of what you are doing and what you offer is through advertising in newspapers and over the radio. In the past the advertising of some banks has been very bad. It has been stiff, formal, it has said little more than that the bank was located in the city and had some assets. Such advertising is a loss of money. A better way is to spend a little more for advertising and really tell your story, so that people will know and understand what you are trying to do and say. Another way to help is by developing speakers who are able to go before service groups, school groups and others and truly be a voice of banking in the community."

The speaker at the October 21 meeting of the association will be an FBI agent from Philadelphia, President Byers announced. The annual ladies' night and election of officers will be held in November, he added.

Last Fishing Trip For Vacation Today

DENVER (AP)—President Eisenhower gets in the last trout fishing of his Colorado vacation today. He arranged to spend the day at the South Platte River ranch of a friend, Bal F. Swan. The place is about 50 miles southwest of Denver, near Pine, Colo.

The President will end six weeks of vacationing mixed with business Saturday morning and fly back to Washington. He will be off again Monday morning, however, for two speeches in Massachusetts—one at the Eastern States Exposition in Springfield, the other at a Republican rally in Boston.

The speech at a GOP rally in Boston Garden Monday night will be a major address.

STARTS DRIVE TO GOOD OLD DAYS

RAMSTEIN, Germany (AP)—The U. S. Air Force, reversing its usual drive toward the newest in warfare, set out today to turn the clock back to the "good old days" when sergeants were the backbone of the service.

The Air Force began a campaign "to increase the participation of non-commissioned officers in the administration of the command, and their responsibility to lead and train enlisted airmen."

Opening the drive in the 12th Air Force headquarters here, Maj. Gen. Dean C. Strother deplored the fact that "the stature of the average NCO before the Second World War has suffered through the war-inspired rapid expansion of the Air Force."

The seven sergeants attending the conference agreed with the general that the NCO's no longer play such an important role.

NEW CONVENT FOR CLOISTERED NUNS TO OPEN

HARRISBURG (AP)—A new convent of cloistered Carmelite nuns will be established Saturday at Mount Carmel with a mass by Bishop George L. Leach of the Harrisburg diocese of the Roman Catholic Church.

The new convent, the monastery of the Sacred Heart and of the Holy Face of Jesus, is located at 21 East Ave., Mount Carmel.

A statement from diocese headquarters said that four choir nuns and two extern sisters from the Carmelite Monastery in Loretto, Pa., will form the new community.

Plan Open House

The prioress of the new monastery is Mother Marguerite Marie of the Divine Heart. Assigned to the new convent also are Sister Mary Francis of the Infant Jesus, Sister M. Josephine of St. Theresa, Sister John of the Cross, Sister Mary Aloysius and Sister Mary Ann.

Several weeks will be required to complete the work of the renovation of the new convent. The nuns will then hold open house for a week, so that visitors can see the new monastery. After this time the cloister will be established and from that time no visitors will be permitted to enter those parts of the convent reserved for the nuns, the statement said.

McCarthy To Wed

WASHINGTON (AP)—Sen. Joseph R. McCarthy (R-Wis.) and Miss Jean Kerr, former research assistant in his office, are to be married.

Mrs. William P. Kerr, mother of the bride-to-be, announced the engagement today. The wedding will be Sept. 29 in St. Matthew's (Roman Catholic) Cathedral here.

STEVENSON TO OPEN CAMPAIGN IN PA. IN APRIL

PHILADELPHIA (AP) — Adlai E. Stevenson will open the 1954 Democratic gubernatorial campaign in Pennsylvania with an address in Harrisburg next April, according to Democratic sources here.

Philadelphia Dist. Atty. Richardson Dilworth said yesterday Stevenson would also speak in Philadelphia in December at a Middle Atlantic States regional party conference.

Dilworth, who returned yesterday from a national party meeting in Chicago, said Stevenson, titular head of the party and unsuccessful presidential candidate last November, had agreed to attend the speeches in a conference with several top Pennsylvania Democrats.

A Little Horse Trading
"We did a little horse trading," Dilworth said, "and agreed to hold the regional conference in Philadelphia if Mr. Stevenson would open the campaign for us in Harrisburg in April."

No dates have yet been set for the addresses. The Philadelphia conference, one of several planned by the party's national committee, will be attended by Democratic leaders from Pennsylvania, New York, Connecticut, Maryland, Delaware, Ohio, Virginia, West Virginia, North Carolina and the District of Columbia.

It will be Stevenson's second political visit to the Keystone State. He toured Pennsylvania as presidential candidate last fall making one of his most important late campaign speeches in Philadelphia's Convention Hall.

To Elect Governor
Pennsylvania elects a governor, a lieutenant governor, all of its U. S. congressmen and all members of the State House of Representatives in 1954. Neither U. S. Senate seat is at stake next year.

Notably mentioned among the possible candidates to head the Democratic slate are Dilworth, who lost to Gov. John S. Fine in 1950; his close friend and political ally, Philadelphia Mayor Joseph S. Clark Jr., and Guy K. Bard of Ephrata, former federal judge who lost to Sen. Edward Martin in the

Senate race last November.

Also to be considered are Pittsburgh Mayor David Lawrence, former Sen. Francis J. Myers, and another Philadelphia, James P. McGrath, former federal judge and attorney general under President Truman.

WASHINGTON (AP) — Niemand F. Keller, city solicitor of Wayneboro, Pa., yesterday was elected treasurer of the National Institute of Municipal Law Officers which ended a three-day meeting.

AMISH CHOOSE JAIL TO SCHOOL

LANCASTER, Pa. (AP) — Five members of the Amish religious sect of Lancaster County chose jail last night rather than pay fines for failing to send their children to school.

The five, arraigned before Justice of the Peace Edgar Getz of

Earl Township, were Samuel E. Stoltzfus, Moses B. Zook, Henry S. Esh and Daniel S. Esh, all of Gordonville.

Getz fined each man \$15.78 but the four refused to pay up—so they

were jailed.

It's nothing new in this Amish territory. Members of the religious sect often refuse to allow children who are 14 and have completed eight grades of school to continue

their education as state law requires.

Fifteen other Amishmen and one woman face similar charges in the next three days in this area.

A patronymic is a family name.

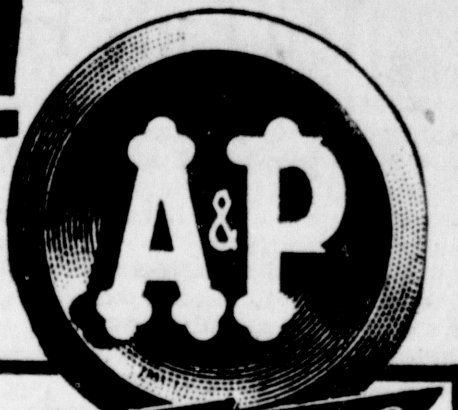

JAIL HORSE THIEVES

NEW BLOOMFIELD, Pa. (AP) — Two Perry County men have been sentenced to 1 to 12 months in jail on larceny charges for the theft of a horse from a nearby Loysville

farmer.

S. E. Troutman, president judge of the Perry County Court, imposed the sentences yesterday on James P. Smith and John S. Burdge of near East Waterford.

Democrats Are Pleased With Two-Day Meeting In Chicago; Is It Too Early For Optimism?

By JAMES MARLOW
WASHINGTON (AP)—Politics, like a good mystery story, is something in which you have to wait till the end to learn how it turns out.

So what happened at the Democrats' two-day Chicago meeting this week should be taken with that in mind. They would up the meeting well pleased with themselves.

There was no explosion; they slammed the Republicans; and they expressed bright hope for their encounters with the Republicans in the 1954 congressional elections.

While this was a kind of warm-up for the 1954 campaign, it was also a bit like blowing up their ego and their optimism with a home-made bicycle pump. It's too soon for them to have any real reason for optimism.

Attack GOP
Between them, at the Democratic rally, former President Truman and Adlai Stevenson bundled together a number of complaints they threw at the Republicans after their first eight months in office.

The complaints covered a lot of territory: That the Eisenhower administration had cut defenses too much; that it cut public housing; that by raising interest rates the administration had made it harder to build private housing; that it has no program for helping farmers get better prices; that it hadn't amended the Taft-Hartley Labor Relations Act; that it hadn't widened social security.

All those, at this time, might seem like issues which the Democrats can now go out and use to beat on the Republicans' heads. But another Democrat, in a statement two weeks before the Chicago rally, put his finger on the reality.

Looks To 1954
This was Texas' Sen. Lyndon Johnson, Democratic leader in the Senate. On Aug. 31 he said the 1954 session of Congress will be the yardstick by which the voters in 1954 can judge Republican success or failure.

While Stevenson at Chicago said the policy of the Eisenhower administration seemed to be "government by postponement"—putting off till 1954 what it did not want to tackle this year—Johnson looked at the Republican Congress two ways.

He had some criticism for what it didn't do, and praise for what it did.

But — by the time the 1954 elections roll around, what Congress did or didn't do in 1953 and 1954 may be dwarfed, as a campaign issue, by other events which can't be predicted at all now.

For one thing, the outcome of

Eisenhower And Stevenson Differ On How And When Of Peace Sessions With Reds

By JAMES MARLOW

WASHINGTON (AP)—President Eisenhower and Adlai Stevenson are agreed on wanting disarmament talks with the Russians but not, it seems, on how or when.

Eisenhower, in his April 16 speech to the American Society of Newspaper Editors, told the Russians that before such talks could begin he wanted them to show by deeds they had goodwill.

Stevenson, in his Radio-TV report to the nation Tuesday on his world tour, laid down no such terms but, apparently, would like to see disarmament discussions get started as soon as possible.

Efforts by this country in the late 1940's to get Russia to agree on a disarmament plan got nowhere. The Russians balked at the kind of inspection this country wanted made everywhere to prevent cheating.

Problem Is Frozen

The problem was tackled by the United Nations but has been frozen in a U.N. icebox for years.

Stevenson said, "once more, I think, we should fix our sights high again, as we did in 1947, and resume the initiative in re-exploring the possibility of disarmament."

What makes Stevenson think the Russians, who stood like stone against American attempts at disarmament in the past, would be likely to act any differently now?

For one thing, Stevenson said, there is the hydrogen bomb which emphasizes more than ever the need for disarmament since the alternative is even heavier arma-

ment and "more frightening weapons."

Thinks Reds Changed

And besides, he indicated, there have been some events which may have affected Russian thinking in recent years; Stalin's death; revolts in the satellites; the realization that Russian threats had driven the West into big rearmament and that the West, as it showed in Korea, would meet force with force.

Stevenson did not suggest this country disarm while seeking agreement with Russia or world disarmament. On the contrary, he expressed fear this country might be getting too careless about re-arming enough.

In his April speech Eisenhower called upon the Communists to show their good intentions in various ways: A Korean armistice, a peace conference on Korea, an end to Communist attacks on Indochina; an Austrian peace treaty; a united Germany and "full independence" of the East European nations.

Of the points he listed, progress has been made in only two: There is a Korean armistice and the Korean peace conference is scheduled to open in late October, if the Communists don't delay it.

Eisenhower didn't say every condition he laid down had to be met, signed, sealed and finished before he'd consider talking disarmament with the Russians again. But he did say he wanted some progress made.

"As progress in all these areas strengthens world trust," he said,

WIFE, KIDDIES OF MISSING MAN CAN'T BE FOUND

GENEVA, Switzerland (AP)—Police said Wednesday the American-born wife and three children of the missing British diplomat Donald MacLean have disappeared. They have not been seen since Friday.

Britain has called officially for a Europe-wide search for the family of the man who is believed to have skipped behind the Iron Curtain. In London, William Ridsdale, British Foreign Office press officer, said it was a "matter of speculation as to whether Mrs. MacLean had left to join her husband, who vanished in May, 1951."

Mrs. MacLean, 37, a native of Chicago, and the three MacLean children—two boys, 9 and 7, and a 2-year-old daughter—had been living here with her mother, Mrs. Melinda Dunbar, for some months.

Ridsdale told a crowded London news conference two British security men were rushed to Geneva the

"we could proceed concurrently with the next great work—the reduction of the burden of armaments weighing upon the world. To this end we would welcome and enter into the most solemn agreements."

Stevenson did not mention this Eisenhower speech, or the President's terms. And if he thought the President was showing too much inflexibility in the present world situation, he did not say that, either.

But all through his speech he cautioned the administration not to be too "inflexible" in its foreign policy.

moment Whitehall got word Monday that the woman and her children had vanished without a trace.

Geneva Police Chief Charles Knecht said Mrs. MacLean and the children left home Friday by car for a 3-day outing with friends near Montreaux and had not returned. Mrs. Dunbar did not report the family missing until they failed to return after the weekend.

Immediate consultations between British authorities and the Geneva police ruled out the possibility Mrs. MacLean was involved in an auto accident.

The British at once called upon the police of Italy, Austria, West Germany and France—countries adjoining Switzerland—to search for the missing family.

MacLean and Guy Burgess, another British diplomat, crossed from England to France in 1951, ostensibly on a holiday, and vanished.

It has been widely assumed they either slipped behind the Iron Curtain or were kidnapped by Communist agents and taken there. No word has been heard of them since.

NEW TV STATION

WASHINGTON (AP)—The Communications Commission has tentatively granted the application of Delaware Broadcasting Co. for a new TV station at Wilmington, Del., on Channel 83.

Delaware Broadcasting Co. operates Radio Station WILM at Wilmington.

In the absence of objection, the tentative grant will become final in 90 days.

NEW DEALERS WIN MAYORAL CONTEST IN N. Y.

By WATSON SIMS
NEW YORK (AP)—The New Deal wing of the Democratic party in New York administered a resounding defeat to the conservative branch in scoring a near clean sweep of city primary elections Tuesday.

Manhattan Borough President Robert F. Wagner Jr. rolled up almost a 2 to 1 margin over incumbent Vincent R. Impellitteri for the nomination for mayor.

Wagner's candidates also won nomination in the two contests for other city-wide offices and in three of four contested races for nomination as borough president.

Takes Wide Lead
With returns totaled from 4,260 of the city's 4,392 election districts, Wagner led Impellitteri by 335,413 to 176,003.

The election represented a major triumph for such nationally known Democrats as Rep. Franklin D. Roosevelt Jr., Sen. Herbert H. Lehman and Averell Harriman, former mutual security director.

The outcome appeared to curb an attempted political comeback by former Democratic National Chairman James A. Farley.

Vote Was Tight
The voter turnout was surprisingly light, although control of both the city and state democratic machinery was at stake. The total Democratic vote ran well below the record 800,000 cast in 1937.

The victory apparently cemented control of the city and state party leadership in the hands of the Manhattan (Tammany Hall) and Bronx Borough chieftains.

Impellitteri won as an independent in 1950 after being snubbed when the party considered a candidate to complete the unexpired term of resigned Mayor William O'Dwyer.

Flynn's Post Open
This year, however, the five boroughs which make up the city split

Policeman Nipped In Search For Evidence

BALTIMORE (AP)—Sgt. Paul Aires, leading a police search in the house of a suspected numbers writer, saw a pot sitting on a stove and thought it might contain the evidence.

He lifted the lid, ran his hand inside and let out a yell. A crab had him by the finger, Aires testified in police court yesterday.

Officers located five numbers books hidden around the house. The defendant, Alford Jasper, 67, was ordered held for the grand jury under \$3,500 bond.

SELL AUTOCAR PLANT
PHILADELPHIA (AP)—Sale of the Autocar Co. truck plant in suburban Ardmore for two million dollars was announced Tuesday.

Autocar, recently merged into a division of White Motors, is scheduled to move to a new plant at Exton in nearby Chester County. Autocar employs about 1,200 workers.

In choosing a candidate. The conservative wing, including leaders of Brooklyn, Queens and Staten Island, backed Impellitteri.

In the beginning this shaped up as a test of strength for the late Bronx political boss Ed Flynn, who had been chief spokesman for the city and state party many years.

Flynn died last month, however, and this threw open the position of chief spokesman regardless of the primary's outcome.

3 Other Nominees
Farley, who split with President Franklin D. Roosevelt over the third term issue in 1940, pitched in on Impellitteri's side.

In the Nov. 3 general election, Wagner, who is the son of the late author of the New Deal Labor Relations Act, must face three other candidates who were nominated without opposition today.

They are:
Harold Riegelman, the Republican designee.

Rudolph Halley, the Liberal party choice.

Clifford T. McAvoy, nominee of the left-wing American Labor party.

ADMINISTRATION SILENT ON PLAN FOR NEW TALKS WITH RUSSIANS

By JACK BELL
CHICAGO (AP)—Eisenhower administration officials were silent Wednesday on a proposal by Adlai E. Stevenson that the United States seize the cold war initiative by offering Russia a double-dyed non-aggression pact and a chance to agree on disarmament.

Stevenson, the 1952 Democratic nominee, told a cheering throng of Democrats who overflowed Chicago's 3,650-seat Civic Opera House Tuesday night that "the door to the conference room is the door to peace."

The former Illinois governor laid down—with the backing of former President Truman, Sen. Sparkman (D-Ala.) and other party leaders—a challenge to President Eisenhower to "think afresh" about offering the Soviets "durable assurances of

non-aggression."

If Russia puts impossible conditions on the acceptance of any non-aggression guarantee or declines to participate in an effective disarmament plan, Stevenson said this would saddle on to Moscow the blame for continuance of the cold war.

There was no immediate reaction from Eisenhower's summer headquarters in Denver, the United Nations delegation in New York or official circles in Washington to the Democratic leader's suggestion.

In an interview, Sparkman interpreted Stevenson's statements—made in the form of a televised and radio report to the nation on his recent 26-nation world tour—as "a challenge to Russia to sit down with us at the conference table."

"Hope In The Air"
Sparkman, the 1952 Democratic vice presidential nominee, said he and Stevenson feel the Eisenhower administration has not been active enough in countering Moscow's "peace offensive."

Stevenson told the nation that in an era where "things are better" for the free world in Europe and "there is hope in the air," the United States cannot afford to

be "reluctant to enter" any peace-promising conference.

"If the Soviet Union rejects assurances of non-aggression, if the Red Army will not withdraw behind its borders, if an Austrian peace treaty and German unification are impossible except on the Soviet's terms, then we will at least have cleared the air," he declared.

Applause For Truman
Stevenson wound up a two-day Democratic conference here with his televised speech, billed as entirely "non-partisan."

It was a partisan crowd, however, which stopped him short in the middle of a sentence with thunderous applause when he mentioned the name of former President Truman.

Stevenson spoke after Democrats had put in cold storage until 1956 an incipient row about their national convention's so-called loyalty oath, had voted to give their previously non-paid National Chairman Stephen Mitchell \$25,000 a year salary and lashed out at Eisenhower administration domestic and foreign policies.

Contrary to popular belief the camel's hump is used to store food, not water.

FIRE COMPANY FEUD SPREADS

CHESTER, Pa. (AP)—A dispute between Fire Chief James A. Devlin and two volunteer fire companies, has developed into a first-class feud that has spread to City Council and Mayor Ralph F. Swarts.

The council held a special meeting in the mayor's office Tuesday

and overruled Devlin's 90-day suspension of the Franklin Fire Co. and the Moyamensing Hook and Ladder Co. Devlin ordered the suspension after the two companies took city-owned equipment to a Wilmington, Del., parade last Saturday against his orders.

After the council issued its ruling, Devlin threatened to take the members to court in a civil suit in an effort to enforce his suspension order. He claimed the council had no authority to act until five days after the suspension order.

Archie Levy, a solicitor for the school board, called in for legal advice in the absence of City Solicitor Louis Bloom, said Devlin had a right to fine officials of the two companies but suspension was not the proper punishment.

Mr. Outhouse To Change His Name

FREDERICK, Md. (AP)—Kenneth M. Outhouse thinks the name of Dean would be "more appropriate, genteel and elegant."

So he petitioned Frederick Circuit Court yesterday to change his name to Kenneth Morton Dean. Associate Judge Patrick M. Schnauffer approved the change effective Oct. 6 provided no sufficient objection is entered.

FOE CANNOT USE RADIO BEAMS IN ATTACK ON U. S.

By EUGENE LEVIN
MITCHELL FIELD AIR FORCE BASE, N. Y. (AP)—Heavy Air Force bombers, posing as "enemy attackers," sought to ride scrambled broadcasting beams to American cities early Wednesday in the first National Civil Defense test of Conelrad.

Experts of Civil Defense, the Federal Communications commission and the Air Force appeared confident the planes were thwarted by Conelrad, the radio operation designed to block any possible enemy use of broadcasting beams to lead bombers or guided missiles to American cities.

The test was conducted between 1:30 a.m. and 4:30 a.m., local time. Air Force fliers on the East Coast finished their missions, flying from far out at sea, just about the time the test was starting in the Far West.

Thousands Take Part
Thousands of FCC observers and civil defense personnel took part in the test, spokesmen said. The exact number of Air Force planes was not disclosed.

Cooperating in the test on a voluntary basis, FCC officials here said, were 1,300 of the nation's 2,100 am radio stations. Those participating could be heard clearly in their immediate localities. It was only off the ground that reception was mixed and garbled.

This, officials explained, was the advantage of Conelrad over the World War II method of shutting down all broadcasting; it permits local authorities to advise people in their areas during emergencies while frustrating an enemy from finding a U. S. target by getting a navigation "fix" on a radio station in a large metropolitan area.

YOUNG SLAYER ON PROBATION

PITTSBURGH (AP)—Robert Laverick, 15, who shot and killed a 16-year-old chum, was placed on probation Tuesday for a period of six years.

Judge A. A. Nelson directed that the youngster be placed under the supervision of the Pennsylvania Parole Board; the Rev. Paul Pullen, pastor of the West Elizabeth Methodist Church, near Pittsburgh; and Mrs. Marie Barone, a teacher in Clairton High School.

Young Laverick pleaded guilty to the charge of slaying Dale Weaver, 16, formerly of Charleston, S. C., but said he had no intention of killing Dale.

"He was my friend," Laverick told Judge Nelson, tearfully. The slaying occurred during a quarrel in a shanty clubhouse in West Elizabeth.

"He called me 'Mama's little boy,'" said Laverick.

The boy said he went home and got his 12-gauge shotgun and some shells. When he returned, Laverick said, young Weaver told him:

"I'd like to see you pull that trigger."

More than 20 residents of the West Elizabeth section told Judge Nelson that Robert had a good reputation and had never been in any trouble before.

Cop Charged Him, So He Charged Cop

BOGOTA, N. J. (AP)—John W. Schneider of Teaneck believes that turnout is fair play.

While out riding his motorcycle yesterday, he collided with a police car.

Patrolman Henry J. Smith handed Schneider a ticket for driving without a permit, speeding and failing to give the right of way. So what does Schneider do but sign a complaint against Smith for careless driving.

Dislocates Shoulder In Swing At Spider

PHOENIX, Ariz. (AP)—Lying in his back yard, Carl Knutson noticed a tarantula spider crawl up his arm.

Knutson, a 203-pound truck driver who stands 6 feet, 1 inch, took a hefty swing.

He was hospitalized for treatment of a dislocated left shoulder.

About 70 per cent of the world's land surface is ocean.

RECALL MOTHER TO TESTIFY AT TRIAL OF SON

CANANDAIGUA, N. Y. (AP)—Mrs. Charlotte Lodewick McManus was called back to the witness stand Wednesday to tell more of the childhood of her son who admitted killing five persons at the age of 18. She was the first witness to testify yesterday for the defense in the State Supreme Court trial of Fred Eugene McManus, now 19. He is charged with first-degree murder in the pistol slaying of William Allen Braverman, 19-year old Hobart College student, last March 27.

Never Affectionate
The 42-year old Valley Stream, L. I. woman, wife of a brewery executive, began telling her story of nightmares and delirium, beatings and pranks, of apparent sadism and the dreamy preoccupation of a youth obsessed by fears he was different from other boys.

"He never is affectionate, even to this day," she said. "He turns his head and lets me kiss him on the cheek."

The prosecution rested its case suddenly yesterday after only a day and a half of testimony. But there was no indication whether the trial had been shortened. The state did not call Dr. Kenneth Keil, director of Willard State Hospital where McManus' sanity was tested this spring. It was possible he might testify later as a rebuttal witness.

McManus has pleaded innocent by reason of insanity, although psychiatrists at Willard found him capable of standing trial.

DEPORTATION OF READING MAN IS POSTPONED

PHILADELPHIA (AP)—Federal Judge George A. Welsh on Tuesday

tion after World War II.

Matthews contended, in a Dumont television program on Monday that the rapid dissipation of military strength came about largely "as a result of one of the most comprehensive, intensive and extensive campaigns the Communist party ever put on in the United States."

Matthews was named executive director of the Senate investigating subcommittee several months ago, but Chairman McCarthy (R-Wis.) accepted his resignation after a furore over a magazine article Matthews wrote.

granted a delay in the deportation hearing for Abraham Minker, 55, of Reading.

Judge Welsh granted the delay pending a test of an issue raised by counsel for Minker. Atty. Jacob Kossman contended in yesterday's proceedings that the U. S. Immigration and Naturalization Service "has no power to summon an individual to answer questions about himself."

The federal jurist, noting "this is the first time a question of this type has been raised in this district" said he would schedule a hearing on the question.

Minker had been under subpoena to appear Wednesday.

Asked Deportation
Reading City Council had written the federal agency a year ago requesting that Minker, a native of Russia, be de-naturalized and deported under the provisions of the McCarran-Walter law which permits deportation of aliens and naturalized citizens. The council stated Minker was associated with the rackets in Reading and had been

PATIENT GIRL MAY WALK AGAIN

PHILADELPHIA (AP)—For little Joyce Roth life is much pleasanter today—she may be able to walk again and be free from the endless succession of casts which she has worn most of her nine years.

Joyce was born with a dislocated

convicted of perjury and violations of the internal revenue laws.

Minker came to the U. S. in 1905 and was naturalized in 1945. A fruit and produce dealer in Reading, he was cited by the Kefauver crime investigating committee as "one of the long-standing racket powers in Reading in control of all gambling."

He was one of three men indicted in July, 1952, for refusing to answer questions put to them by the committee. The charges were later dismissed.

hip, but it was not discovered until she started to walk 14 months later. For the next six years the little Johnstown, Pa., girl wore one cast after another. Then a disease known as Legg-Parth set in and the bone marrow in her left leg started to die, affecting the bone structure.

Doctors suggested the child be brought to the Philadelphia College of Osteopathy Hospital in December, 1950, and placed under the care of Chief Surgeon Dr. James M. Eaton.

After surgery and other treatment, Joyce was all right until last spring. Then the old trouble returned necessitating more operations.

Monday Dr. Eaton removed the cast and told the little girl she has an excellent chance to walk again.

Don Bollweg, rookie first base ball with the New York Yankees, hails from Wheaton, Ill. That's also the home town of Harold (Red) Grange, one time football sensation for the University of Illinois and Chicago Bears.

WEATHER FAILS TO BLOCK WORK ON STATE FARMS

HARRISBURG (AP)—Despite the coolest weather since May most harvesting and preparations for fall planting advanced rapidly on Pennsylvania farms last week.

A federal-state weather-crop survey showed that temperatures across the commonwealth averaged five degrees below the normal 65 for the second week of September. Rainfall also averaged below normal with slightly over half an inch measured as the state average. Usually the week brings an average 3/4 of an inch.

The survey pointed out that "considerable corn intended for grain developed poorly... and early planted corn in most sections is a good crop with some ears filled poorly due to the drought." "Late planted corn shows some improvement but most is still in poor condition," the farm experts found.

Tomatoes were discovered in good supply following the rains but prospects for potatoes show little improvement.

The survey found a few early fields showing green.

MOTOR BOAT SHOW DRAWS
NEW YORK (AP)—The attendance at the National Motor Boat Show in New York recently was 180,000 for its 7 1/2 day run. This is equivalent to ten nights of capacity audience in Madison Square Garden and 40,000 more people than saw all 29 boxing events in that arena during the season.

PROVIDER FOR TEN IS KILLED

WILMINGTON, Del. (AP)—James Cann, 22-year-old painter, and sole support of his mother and nine younger brothers and sisters, fell to his death Tuesday while painting a 135-foot water tower.

The victim was working in a boatswain's chair when the rope holding the chair in place snapped and he plummeted to the ground. George Gross, 34, a fellow worker, became paralyzed with fear after Cann fell and was unable to descend from his perch on a catwalk 100 feet from the ground for nearly half an hour.

Both men were employed by the E. L. Jones Co., a Wilmington painting contractor. The tower is situated on the property of the Delaware Steel Fabricating Corp. plant.

Seven Testify In Trial Of Convicts

BELLEFONTE, Pa. (AP)—Seven witnesses including five prison guards testified in Centre County Criminal Court as 15 inmates of the Rockview Penitentiary were brought to trial on charges of rioting.

The case against half of the men accused of being ringleaders in a 3-day riot last January began Tuesday.

Allison Hollabaugh, a guard, told the jury of six men and six women how the disturbance started. He identified pistols taken from various guards who were held hostage by the inmates. Other witnesses verified Hollabaugh's testimony.

Two more groups of inmates are due to stand trial on riot, armed robbery and receiving stolen goods at a later date.

TAYLOR SAYS SALES TAX FAIR

HARRISBURG (AP)—Sen. M. Harvey Taylor, Republican state chairman, says the Republican majority of the General Assembly met the need for raising new finances "fairly and squarely" by enacting the one per cent sales tax.

"Fair-minded men everywhere see this action as a milestone in Pennsylvania's march of progress," Taylor said Tuesday night in a statewide radio address.

"They say it will do more to stabilize the finances of your state government than anything that has occurred in decades," Taylor said.

"As we expected our opponents (Democrats) are condemning us for enacting this broad base tax."

They announced even before the ink was dry that they would stomp the state for its repeal. They won't even give it a fair trial."

Taylor asked why the Democrats, while opposing the sales tax nevertheless voted for the veterans bonus, increased teachers' salaries and expansion of state mental hospitals.

"These are the reasons your taxes are going up and you have a right to know which side they (Democrats) are on. They know and I know that we cannot do these things without providing money."

Taylor noted the sales tax was earmarked for education and said Pennsylvanians will "always know that when you pay this tax you are helping yourself."

Rodeo Season Is Navajo Fun Time

WINDOW ROCK, Ariz. (AP)—Cries of "Ya-ta-heh" mark the Navajo rodeo season in July and August. A Navajo rodeo turns out the population. A wagon encampment moves to each as the families make it a celebration that eventually includes a night on squaw dance and other activities. At least one community plans a rodeo each week end. Often as many as three will stage them at once.

When a contestant fails to throw his calf, a light-hearted spectator will usually leap into the arena and toss the critter. The rodeos have all the regular events, but highlights peculiar to the Indian shows set the crowds to whooping. Such an event is the mild mule, saddling in which three-men teams

try to manage six mules captured from the range.

Even the curious white man will turn up at a Navajo rodeo, where he's always welcome. The language barrier isn't great. In fact, one word — Ya-ta-heh — will make him one of the crowd. It means "Hello" and "How are you?" It also means "great show." And it means a good time.

Moves A Mountain To View Baseball

VALLE CRUCIS, N. C. (AP)—Ben Ward, 57, wealthy mountaineer, loves baseball. He loves it so much he paid \$15,000 to have a mountain peak removed to make a baseball diamond on this Tennessee border town in the Smokies.

Ward bought a bulldozer which leveled the 3,100 foot peak. The time consumed was 3,000 bulldozer hours.

The altitude here plays optical tricks. Outfielders with nothing to judge the height and speed of the ball except the small grandstand, sometimes charge in for a drive and then ruefully watch it sail 10 feet overhead. Outfielders are wary also of chasing line smashes that fall near the fence—4 1/2 feet high and of the picket type.

Behind the short fence is a quarter of a mile drop to a river below.

HARRISBURG (AP)—Gov. John S. Fine disclosed today the commonwealth is making regular safety inspections of industries using radioactive materials.

"A number of inspections have been completed and recommendations to insure the safety of our working people have been made," he said.

He made the announcement in a speech prepared for the opening of the annual Governor's Industrial Safety Conference.

Wild Potato Strain Aids Spuds Grower

DURHAM, N. C. (AP)—Potatoes from the backwoods, real wild life, are pointed towards development of better spuds for the American dinner table.

Dr. Donovan S. Correll, a botanist from Duke University, says that out-of-way section in Central America and Mexico have developed disease and frost resistant strains which would help potatoes on U. S. farms.

In his book, published by the U. S. Department of Agriculture, Dr. Correll says that the potato had its origin in the Andes of Bolivia and Peru.

Correll has gathered wild potato relatives in Mexico which are now being used in breeding investigations in the United States, Germany, Canada and Alaska.

ALBEN BARKLEY GOING TO RUN FOR SENATE

By JACK BELL

CHICAGO (AP)—Republicans arriving in Chicago for regional party conferences discovered today they may have to contend with former Vice President Alben W. Barkley in a critical 1954 contest involving control of the Senate.

Democrats leaving town after a two-day rally here said there is little doubt that Barkley, a veteran of 30 years service in Congress before he was vice president for four years, will be a candidate for the Senate in Kentucky next year.

This means that Sen. John Sherman Cooper, Republican, looked upon with high favor at the White House, will face the stiffest kind of opposition next year in a state President Eisenhower lost by 700 votes in 1952 while Cooper was being elected by a comfortable margin.

To the incoming Republicans, who are aiming their forthcoming conferences here primarily at retaining control of Congress, it was obviously gloomy news that Barkley probably will run again for the Senate.

The Kentuckian, who served several terms in the house, was Democratic leader of the Senate and a frequent national convention keynoter before he became "The Veep" in 1948.

Cooper's Kentucky seat is one of the two now held by GOP members in which Republican strategists are doubtful of the outcome. The other is the seat held by Sen. Ferguson (R-Mich.), scheduled as a fill-in keynoter at the combination meeting of party women from 18 states and 21 GOP state chairmen.

Control At Stake

Control of the Senate may be determined by a single race next year, since the Republicans and Democrats now have 47 members each, with one independent and one vacancy. The Democrats will outnumber the Republicans if Gov. Frank Lausche of Ohio, a Democrat, names a member of his party to succeed the late Sen. Taft (R-Ohio).

Recognizing this situation, Victor A. Johnston, director of the Republican Senatorial Campaign Committee said in an interview he believes Cooper will give a good account of himself against any Democratic opponent.

Cooper's seat is before the electorate again because he was elected to fill out the unexpired term of the late Democratic Sen. Capman.

WORKING MEN TAKE OVER IN NACC TOURNEY

By VERN HAUGLAND

WASHINGTON (AP)—The Air Force plans to cancel contracts for possibly 6,000 spare engines costing perhaps a half-billion dollars because, it says, jet engines are sturdier than at first thought.

Secretary of Defense Wilson and Secretary of the Air Force Talbott told a news conference yesterday the cancellations will "not affect the production of one single plane."

They said the engines, all spares or extras and mostly for jets, are no longer needed for two chief reasons:

Truce Not A Factor

1. Jet engines are much more durable than had been expected—the result of "accumulated know-how" in operation, maintenance and improved design.

2. Attrition rates have fallen off—that is, fewer accidents and, of

course, no losses in combat since the truce in Korea.

However, Talbott said the Korean truce was not a direct factor.

Talbott said production of the affected engines will start tapering off immediately and will come to a halt by next spring. He said the number of cancelled engines might run as high as 6,000 with savings between 400 and 500 million dollars.

No Mistake Devolved

Commenting on the durability of jet engines, Talbott said some of them run as much as 1,000 hours without overhaul, whereas 100 hours had originally been contemplated. But he added:

"There was no mistake in the original jet engine orders. At the time they were made, we had no experience factors on which to base requirements."

Wilson and Talbott insisted the cancellations were not dictated by the five-billion-dollar cutback in Air Force funds voted by Congress last session. But they said the decision was in line with administration policy of saving money wherever possible without endangering national security.

Thief Steals Car With Tired Owner

CROOKSTON, Minn. (AP)—Simon Ceballos, 55-year-old farm laborer, had his car stolen while he was in it.

Ceballos was asleep in the back seat when a thief drove away with it. Some time later, the brazen thief awakened him and asked him to help fix a flat tire.

Ceballos ran to a nearby farmhouse for help, but the thief drove away without changing the flat tire.

Planes Bomb Bush Fires With Water

TORONTO (AP)—Fighters of bush fires, after trying scores of different chemicals to control the flames, have come back to water. They're sending planes loaded with specially-made paper containers into the bush to land on lakes or rivers near the scene of the blaze.

The plane unloads firefighters who heads across country to the fire with extinguishers. Then the aircraft's crew fill the paper containers with water, and fly over the fire area. The containers, each with a load of 3½ gallons of water, are dumped in the path of the flames. The paper breaks when it hits trees or brush, spilling the water about and halting the fire's progress.

California Tries Parole Experiment

SACRAMENTO, Calif. (AP)—The California Department of Corrections has begun an intensive supervision experiment in an effort to reduce the number of parole violators.

Fourteen experienced parole officers have been assigned to a special unit authorized by this year's legislature. Each will be responsible for about 15 paroled prisoners. Normally parole officers supervise 90 persons each. The close supervision will continue for 90 days. Then the paroled prisoners will be transferred to the regular program.

The experiment was promoted by the fact that the parole violation rate is highest during the first three months of freedom.

the fire area. The containers, each with a load of 3½ gallons of water, are dumped in the path of the flames. The paper breaks when it hits trees or brush, spilling the water about and halting the fire's progress.

N. J. SENATOR IS "AMAZED" OVER DURKIN'S WORDS

WASHINGTON (P)—Sen. H. Alexander Smith (R-N.J.) said today he was "amazed" at the assertion by former Secretary of Labor Martin Durkin that the Eisenhower administration broke an agreement on Taft-Hartley law revision.

"I know perfectly well there wasn't any agreement to break," said Smith, chairman of the Senate Labor Committee who has just returned from a Canadian vacation.

Views Not Resolved
Smith said prolonged talks looking toward agreement on a revision bill continued right up to the time Congress adjourned Aug. 3. Representatives of the Senate and House Labor Committees and the White House took part, he said.

But, he added in an interview, the divergent views of labor and management groups were not fully resolved, and it was agreed the parleys would be resumed this fall with an eye to introduction of legislation in January.

Durkin's Stand
Durkin did not contend there had been full agreement among all parties on proposed revisions to the labor relations law—19 in number. He said at St. Louis Tuesday he had discussed them with President Eisenhower and the President "agreed with me that the 19 amendments should not be withheld, that they should be submitted

to Congress." A few days later, Durkin said, a White House staff member notified him the administration would not be able to go along with the proposed amendments.

When he quit the cabinet a week ago, Durkin gave as his reason what he called White House failure to abide by an agreement on the proposals.

MISS LAMOUR IS COURT WITNESS

COSTA MESA, Calif. (P)—Actress Dorothy Lamour testified her friend Kay Williams looked like she had been clawed the morning after Miss Williams' ex-husband is accused of beating her.

Miss Lamour appeared yesterday at preliminary hearing for sugar heir Adolph Spreckels who is charged with felonious assault.

The actress said she saw Miss Williams the morning of last Aug. 20 and testified:

"I saw a scar on the left side of her face about three to four inches long, bleeding very badly. I mean really very deep scratches. Blood was coming from her head profusely."

START NEW PLANT

EXTON, Pa. (P)— Bulldozers cleared away debris today as work began on the new two million dollar home of the Autocar Division of the White Motor Co.

Ground breaking ceremonies were held yesterday on the 55-acre site where the plant will be built in this Chester County community. Construction is expected to be completed by May, 1954.

Eager Taxpayers Upset Officials

ST. JOSEPH, Mo. (P)— County officials blinked their eyes, but there they were: Four people in the office asking to be on the books as taxpayers.

Good citizenship wasn't the only motive.

Three wanted liquor licenses and there's a law that required a holder of such a license to be a taxpayer. The fourth fellow wanted to make sure the county didn't claim some of his land.

The whole thing didn't turn out to be costly anyway. None of them asked for more than a \$75 valuation.

Pilot Forced To Land On Highway

CHARLESTON, W. Va. (P)— When it comes to reasons for forced landings, Pilot Ray W. Barr 34, of Jacksonville, Fla., holds claim to one of the strangest.

Barr, flying into the Charleston airport during a heavy rain storm, stuck his head out the window of his light plane for better visibility.

His radio carphones blew off.

Out of contact with the airport, he landed on an unfinished strip of U. S. 60, waited out the storm and took off again.

HANOVER HORSE HOOFEDOO

WESTBURY, N. Y. (P)— Harness horses with Hanover in their names won five races in one night during the Grand Circuit meeting at Roosevelt Raceway recently. The winners were Hersey Hanover, Empire Hanover, Elby Hanover, Forever Hanover and Nevin Hanover. Two other Hanovers were second and three also rans.
